Fuel Modification Application

California Department of Parks and Recreation, Inland Empire District

Complete this form if you are requesting to reduce, remove, or otherwise affect vegetation ("fuel") on California State Parks property.

Application Directions:	***Review Process****: Upon receipt of the application, we will typically schedule a site visit to review your request within two weeks. During the field visit, we will discuss what fuel modification activities could be permitted onsite.*
1. Complete this form. 2. Mail this form and a map to: Fuel Modification Request California State Parks, Inland Empire District 17801 Lake Perris Drive Perris, CA 92571	• *If approved, we will send you a Right of Entry (ROE) permit for review and signature. The permit will outline the type of clearance permitted and your responsibilities. Payment of $150 via check to California State Parks will be required.* • *If denied, we will provide a response outlining why the request was denied.* *Allow approximately two months from receipt of a completed application.*
