PROJECT TITLE: Privacy Fence - Mulholland Ranger Residence
LOCATION: Leo Carrillo SP **COUNTY: Los Angeles**
DESCRIPTION OF THE NATURE AND PURPOSE OF PROJECT:
This project is the repair of an existing perimeter chain-link fence surrounding an employee residence, to make it complete. Wooden 1" x 6" fencing boards will be attached for privacy along the Mulholland and Leo Shop sides. Brackets will be used to fit around the existing chain link tubing posts that will hold three 2" x 4" wood runners. The vertical fence boards will be attached to those runners. Stainless steel screws attaching the wood fence to wood runners will be used so they do not rust/run. The fence, boards and fittings will all be painted to match the house structure. DPR-approved standard project requirements have been incorporated into this project. A copy of these requirements may be obtained by submitting a request to the project Environmental Coordinator listed below.
