B. Public Comments

I would like to comment on the San Diego County Sheriff's OHV grant application. First, to clear up some errors. They mention a legal area for OHV as "Corral Canyon State Park with 12 miles of trails". Corral Canyon is part of the Cleveland National Forest, not a state park, and has over 51 miles of trails. There are also no legal trails on San Miguel Mountain or Orosco Ridge. The grant did leave out the legal trails on Otay Mountain and on Black Canyon Road. The grant mentions a SDCORET website that provides valuable information. There is nothing of use to an OHV user on the site as of March 28th. The grant says they produce and distribute an "off-road public education handout that provides the off-road community off-road laws, legal riding locations, and contact information". I have never seen this, but if possible, would like to get some and help distribute through my community outreach work with CORVA and the San Diego Off-Road Coalition.

I would like to thank the team for coming to Lakeside Off-Road Days last month as a form of public outreach. Despite the rain we had fun and made a little money.

This grant asks for a reasonable amount of money and I hope the grant can be funded to help protect OHV opportunity in San Diego County.
