

HOLLISTER HILLS

Interpretive Event Schedule

Saturday October 8

9-1pm Wildlife Station Obstacle Course

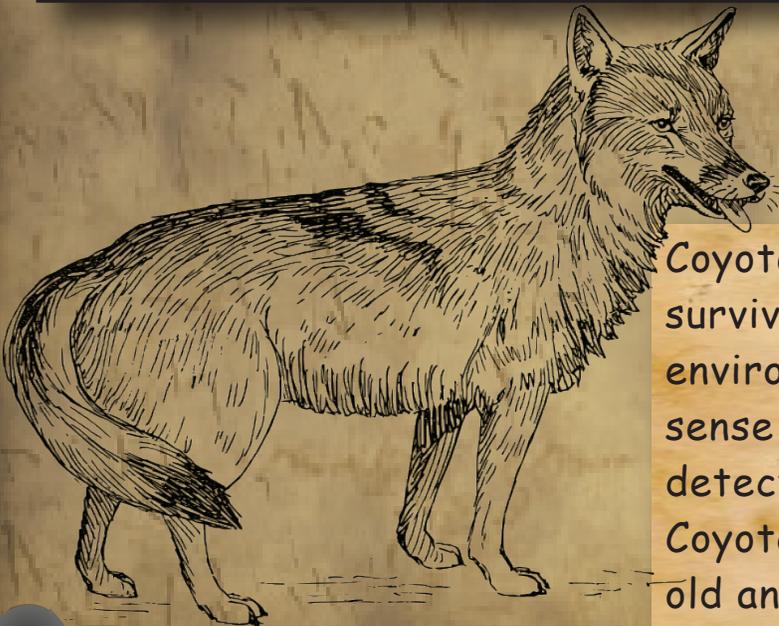

If your at the Upper Ranch come talk to a park interpreter about some of the wildlife at the park. Come explore the abundance of of wildlife at Hollister Hills!

1-5pm Interpa-Quad Lower Ranch

Location: Campgrounds. Interpa-quad is equipped to engage visitors in safety talks, hands on activities, and demonstrations. We are taking the visitor center out to the riders.

2-5pm Roving Interp Lower Ranch

You might see a park interpreter on the trail or around the campgrounds. They are a treasure trove of Hollister Hills information. Remember to say "Hi" when you see them.

Coyotes are very well adapted and can survive in even the harshest environments. They have an excellent sense of hearing and smell. They can detect hunters coming from a mile away. Coyotes choose a mate at about 2 years old and stay with their mate for life.
