The California Recreational Trails Committee (CRTC) Award

The intent behind this award is to recognize private citizens and elected officials who have made significant contributions in support of trails in California. Through this kind of high visibility recognition involving selection by appointees of Governor, others may be inspired to a high level of commitment to the expansion of California's trail network and its programs.

This award will be given to a person (not an event, program or trail). Only non-trail professionals are eligible. Those employed by a public agency, non-profit or a private business whose primary job is trail related are **not** eligible. Those holding elected office are eligible. The award is not open to anyone who has previously received any state, national or international trail award. The award is open to persons representing any user group of trails and urban, suburban or rural interests. Nominees must have been publicly involved with trail issues for at least seven years. Extra consideration will be given for accomplishments related to creation of a specific "product" such as a trail or program.
