

California Trail Corridor System

- Existing or planned long distance trail routes
- Identified in the California Recreational Trails Act, 1978
- Must meet 3 of 10 established criteria in California Recreational Trails Plan

California Trail Corridors

- Currently the 26 Trail Corridors in California are in various levels of development, planning, completion and public use.
- Trail Corridors are in the backcountry, on the coast, in cities, suburbs, along rivers, through historic routes and on abandoned rail grades.

Corridors with Substantial Progress or Completed

- American Discovery Trail
- Bay Area Ridge Trail
- California Coastal Trail
- Lake Tahoe Bikeway
- Los Angeles River Trail
- San Gabriel River Trail
- Mokelumne Coast to Crest Trail
- Pacific Crest Trail
- San Francisco Bay Trail
- San Joaquin River Trail
- Santa Ana River Trail
- Tahoe Rim Trail
- Trans County Trail

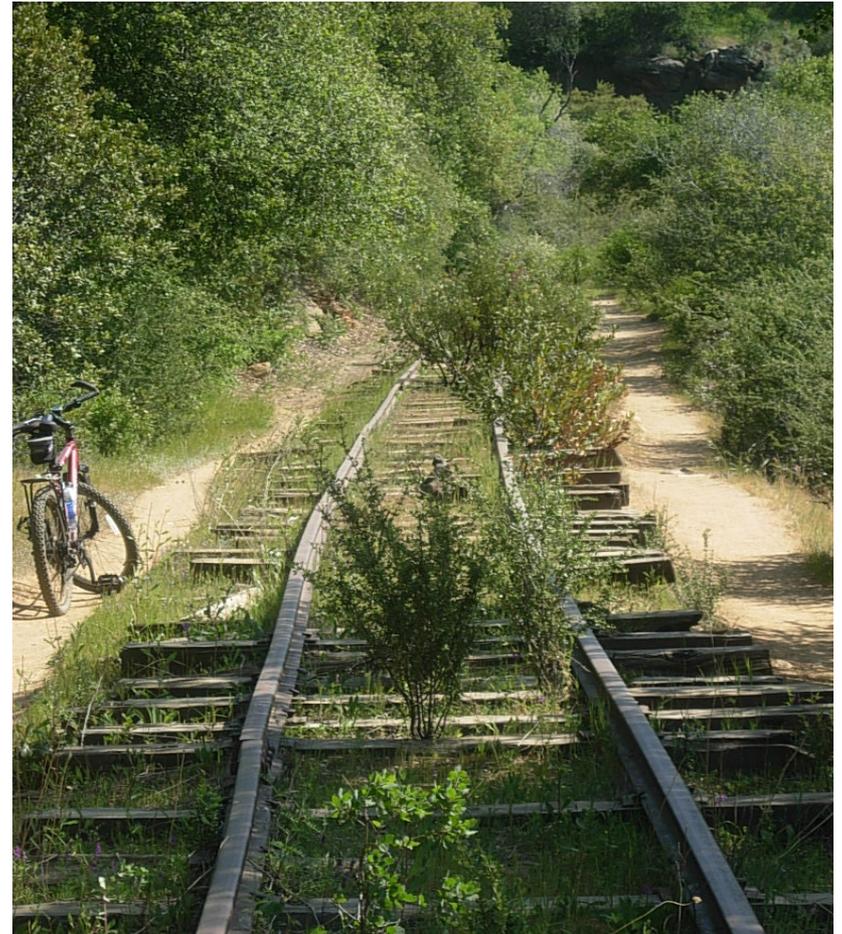

Corridors With Minimal Progress

Characteristics: major gaps and minimal management

These trails include:

- Cuesta to Sespe Trail
- Condor Trail
- Merced River Trail
- Whittier to Ortega Trail
- Tuolumne Complex Trails

Corridors With Little or no Progress

- Redwood Coast to Crest Trail

- Cross California Ecological Trail

Heritage Corridors and Historic Routes:

- **Pony Express National Historic Trail**

140 miles long in CA, along the Highway 50 Corridor, about 25 miles is in the El Dorado National Forest.

- **Juan Bautista de Anza National Historic Trail**

Through 14 counties and 2 states, traces the 1,210 mile route of explorer Juan Bautista de Anza over dirt trails and roads close to the historic route.

Next Steps

- Maintain up-to-date database, contact information, mapping and planning progress of Trail Corridors from managing entities.
- Compile information on new Trail Corridors currently not included in the system.
