Dear Trail Advocate:

We recognize the economic and environmental challenges currently facing trail managers and their business and nonprofit partners. That is why the 24th California Trails & Greenways Conference has adopted the theme: *Sustainable Trails: Linking Economy, Community & Environment*. Together, *California State Parks* and the California Trails Conference Foundation will provide sessions and workshops directly geared toward aiding trail managers and advocates to succeed during these challenging times; making this *a truly unique opportunity to effectively promote your products and services to a broad range of agency and nonprofit trail professionals during this 3-day event*.

As the only statewide, non-motorized trails conference in California, our contact database directly serves *over 1,500 trail managers and advocates* (many with direct purchasing and contracting authority); we attract almost 300 trails professionals to the Conference; and provide exhibit space and other *highly visible marketing opportunities* that guarantee frequent and impactful exposure to your organization. This *niche market includes representatives from local, state and federal agencies; a broad range of resource based nonprofit organizations; as well as community advocates for hiking, biking and horseback riding trails*.

As a sponsor, much of your contribution reduces registration costs for attendees and provides a meaningful introduction to future customers who will have ample time to learn what your organization can do for them. Your sponsorship also provides significant opportunities to promote your products and services through our email promotions, links from the California State Park website, in selected conference items, and highly visible exhibit areas. This is a truly golden opportunity to *directly connect trail planners, builders, managers and advocates* to your very special products and services.

Information about Sponsorship Levels and a Sponsorship Application are below. Additional information about the California Trails & Greenways Conference can be viewed on the Conference website: www.parks.ca.gov/trails/conference or by contacting Laura Svendsgaard toll-free at 877-776-3619 or lsven@peak.org.

Sincerely,

Dick Troy

Richard E. Troy, President
