We are pleased to invite you to share information about your products and services as a vendor at the 22nd California Trails and Greenways Conference at the Lake Natoma Inn in charming downtown Folsom, CA. The 2007 conference will be held May 10-12. This year's conference theme is *Building Trails, Building Knowledge*.

The Trails Conference provides a great opportunity for trail enthusiasts and trail professionals to network and share valuable information. Educational sessions are planned for the three days that will include choices ranging from hands-on demonstrations to regional trail planning strategies.

We are anticipating over 200 attendees this year, with representatives from a variety of non-profit trail organizations as well as federal, state, and local governments. This gathering will give you the chance to network with the leaders of California's trail programs and public land managers.
