Developing the
California Indian Heritage Center

Presentation to the City Council of West Sacramento, CA
January 12, 2011
Core Values & Guiding Principles

Develop Riverfront as a Regional Destination
• Public access community wide
• Public enjoyment of property before full build out
• Continuity (regional trail connections)
• Opportunity for an expanded nature area with interpretive elements

Strong, Diverse Local Economy
• Additional community serving facilities
• Participation from community organizations

Develop Comfortable Living
• Security – MOU between WSPD & CA State Parks
• Key constituencies and neighborhoods to advise
• Traffic & transportation – include alternatives to minimize impacts
• Manage parking impacts to neighborhood
Our Partners

• Native American Community - both local and statewide
• CIHC Core Advisors
• City of West Sacramento
• Yolo County
• West Sacramento Communities
• West Sacramento Community Advisory Group
• City and County of Sacramento
• State and Federal agencies
• Native American Heritage Commission
Telling the Story

- Education
- Exhibits
- Cultural Events
- Research
- Tribal Treasures

“Discovery of Gold in California, No. 2”, 1978
By Harry Fonseca
Definition of GP and EIR

What is a State Park General Plan (GP)?
- The primary management tool for a State Park; defines the purpose, vision, and long term goals and guidelines for management of the park

What is studied in a General Plan EIR?
- EIR studies the proposed General Plan’s effects on the environment, in accordance with State CEQA guidelines
Public and Stakeholder Outreach

Public Meetings in West Sacramento

• January 26 (scoping, planning process overview)
• May 27 (presentation of alternatives)
• June 10 (presentation of alternatives)
• July 28 (preferred alternative and phasing)
• January 12, 2011 City Council Meeting (present preferred alternative, draft EIR preparation)
Public and Stakeholder Outreach

Focused Meetings with Interested Groups
- COWS Chamber of Commerce
- Rotary Clubs
- Local Elected Officials

Neighborhood Consultations
- The Rivers Action Group
- BBCAN

Project Websites and Mailing Materials
Public and Stakeholder Outreach

CIHC Task Force/CIHC Foundation
• Board meetings

CIHC Core Advisors
• 3 focused meetings

City of West Sacramento Community Advisors
• 3 focused meetings

Statewide Native American Community Outreach
• 3 statewide meetings
• Attendance at conferences and special events

Interagency Meetings
• Various focused meetings with regulatory and planning agency partners
• Scoping/mailing of Notice of Preparation
Agency Consultation

Local Agencies
• City of West Sacramento (City Manager, Flood Control, Redevelopment, Planning, Parks)
• Yolo Natural Heritage Program

State Agencies
• Central Valley Flood Protection Board
• Department of Fish and Game
• Department of Water Resources
• State Lands Commission
• Department of Boating and Waterways
• Department of Transportation

Federal Agencies
• U.S. Fish and Wildlife Service
• National Marine Fisheries Service
• U.S. Army Corp of Engineers
Major Issues Studied Pursuant to Master Agreement, Public Comment or Known Site Constraints

• Traffic, Circulation and Site Access
• Parking
• Public Safety and Security
• Design Guidelines
• Aesthetics
• Site Configuration and Constraints Due to Location
Issues Studied Pursuant to CEQA

- Aesthetics/Scenic Resources
- Air Quality/Greenhouse Gases
- Biological Resources
- Cultural Resources
- Hazards and Hazardous Materials
- Hydrology and Water Quality
- Land Use and Planning
- Noise
- Public Services
- Transportation and Traffic
- Utilities and Service Systems
- Other CEQA Considerations

Eliminated from detailed study: agricultural and forestry resources, mineral resources, paleontological resources, recreation
Transportation Study

Components Studied
• Roadway, Transit, Bicycle, Pedestrian and Waterway

Scenarios Studied
• Existing Conditions
• Existing Plus Project Conditions
• Cumulative Conditions

Intersection Analysis
• 11 study intersections
• Traffic counts conducted last summer
• Cumulative forecasts developed using the City of West Sacramento’s Travel Demand Model
• Used the City of West Sacramento’s Impact Significance Criteria
• No significant impacts found
Public Comments

- Concerns regarding traffic/parking/entry location/driving on local roads/levee
- Desire for public transportation (streetcar, bus, boat, bike, foot)
- Use of offsite parking areas
- Construction within floodplain
- Need for levee improvement/impacts on CIHC and site overall
- Public safety/patrols by rangers
- Role of adjacent parcels
- Impact on local community/landscaping etc.
- Link to the Riverwalk
- Commercial vacancies
- Light and glare from vehicles on site/on levee
- Hours of operation
- Level of visitation
- Impacts to natural habitats on site
- Aesthetics (height and look of structures, “wrapped” parking)
Developing the Preferred Alternative

- Mission of the CIHC
- Neighborhood and Stakeholder Concerns
- Previous Planning Efforts
- Physical Site Conditions
- Feasibility of Particular Project Features
- Flood Protection Considerations
- Public Safety Considerations
- Facility Operations and Site Access Considerations
- Input from Multiple Agencies
- Direction from Mayor, Council Members and City Staff
- Direction from State Parks Policy Committee
Initial Phase 1 Grant (2011-2014) and Phase 2 Facility Development (2014-2017)
Outdoor Areas - Concepts
Architectural Concepts
Phase 3 Continuing Development
(2017-2025)
Phase 4 Final Development (2025-2028)
Artists Sketch
Outdoor Areas – Concepts for Commercial Spaces
“As the Sacramento region is central to the present and future of all Californians, so is the California Indian Heritage Center to the traditions, present and future, of the original people of this land.”

- Jack Norton (Hupa/Cherokee)
