PLAN DRAFT PROGRAM EIR  
PROJECT**

**Date:** February 5, 2016

**To: Office of Planning and Research  
1400 Tenth Street  
Sacramento, CA 95814**

The California Department of Parks and Recreation (DPR) has directed the preparation of and intends to adopt an Environmental Impact Report (EIR) for the proposed project, in compliance with the California Environmental Quality Act (CEQA) and State CEQA Guidelines. DPR is the lead agency for the proposed project under CEQA.

**PROJECT LOCATION:** Colusa-Sacramento River State Recreation Area, Colusa County

**DESCRIPTION OF THE PROPOSED PROJECT:** A General Development Plan for the Park was adopted in 1957. A new General Plan (GP) is necessary to accurately reflect current land ownership, resources conditions, park management and potential opportunities. To determine appropriate uses, DPR underwent a planning process which included evaluating existing conditions and assessing current and potential uses.

DPR has prepared the Colusa-Sacramento River State Recreation Area GP in accordance with Public Resources Code Section 5002.2 referencing GP Guidelines and Section 20111 et seq. concerning CEQA. Consistent with the Public Resources Code, the GP evaluated and defined proposed land uses, facilities, concessions, operation of the unit, resources management, and any potential environmental impacts resulting from implementation of the GP. The GP will serve as the guide for future development, management and operation of the Park.

**PUBLIC REVIEW PERIOD:** The draft EIR is being circulated for public review and comment for a period of 45 days, beginning February 8, 2016.
