

# Table 6.8

<b>Focused-Use Zone 1</b>					
~2200 acres					
	Unit	Amt.	Existing Condition	Reasonable Plan Projection (Cumulative)	Net Difference (Existing vs. Reasonable Plan Projection)
Buildings		amt.			
Headquarters	SF	1	8,000	11,000	3,000
Visitor Center	SF	1	10,000	20,000	10,000
Residences	SF	7	4,000	10,000	6,000
Maintenance	SF	2	2,500	3,000	500
Ranger Station	SF	1	2,000	3,000	1,000
Comfort stations	SF	~10	1,000	1,300	300
Research/Collections	SF	1	5,000	10,000	5,000
Educational Facility	SF	0	0	30,000	30,000
Vehicle Parking	SF		65,000	91,000	26,000
Picnic Areas (# of areas)		2	2	3	1
Trails					
Hiking, Biking, Equestrian	~MI		1	2	1
Campsites (designated)			154	250	100
Developed Group Camp Sites			5	11	6
Amphitheater (square feet)	SF	1	2,000	4,000	2,000
Equestrian Facilities	#	1	1	3	2
Annual Visitation (Approximate)			177,800	197,800	20,000
<b>Focused-Use Zone 2</b>					
~2200 acres					
Buildings (square feet)			(SQUARE FEET approx.)		
Ranger station	SF	2	400	800	400
Maintenance building	SF	2	1,000	2,000	1,000
Comfort Station	SF	2	600	1,200	600
Amphitheater	SF	1	0	2,000	2,000
Vehicle Parking (square feet)	SF		20,000	40,000	20,000
Dirt Roads (miles)	MI		12	17	5
Campsites (designated)			34	134	100
Annual Visitation (Approximate)			96,000	110,000	14,000

SF = SQUARE FEET

MI = MILES

California Population Total (July 1, 2001):

**34,758,000**

Projected State Population Total by 2020:

**46,250,000**

<b>Info/Entrance Zone</b>					
~ 5 acres					
	unit	amt.	Existing Condition	Reasonable Plan Projection (Cumulative)	Net Difference (Existing vs. Reasonable Plan Projection)
Buildings	SF		0	0	0
Info Station	SF	5	0	25	25
Vehicle Parking	SF		0	1,500	1,500
Comfort Station	SF	3	0	300	300
Annual Visitation (Approximate)			0	100,000	100,000
<b>Backcountry Zone</b>					
~123,900 acres					
Dirt Roads (miles)	MI		300	300	0
Campsites (designated)			50	50	0
Trails	MI		17	25	8
Picnic Areas (# of areas)		1	1	4	2
Annual Visitation (Approximate)			127,000	137,000	10,000
<b>Wilderness Zone</b>					
~462,900 acres					
Dirt Roads (miles) (adjacent to Zone)	MI		100	100	0
Trails	MI		60	70	10
Annual Visitation (Approximate)			50,000	55,000	5,000
<b>Cultural Preserve Zone</b>					
~2600 acres					
Trails	MI		0	2	2
Annual Visitation (Approximate)			5,000	5,000	0
<b>Carrizo Impact Area</b>					
~30,000 acres					

## REASONABLE PROJECTION OF DEVELOPMENT

This table represents a reasonable scenario of potential public-use facilities that could be developed in each of the proposed Management Zones under the goals and guidelines proposed in the Preliminary General Plan for ABDSP. They each represent one of many potential scenarios in each zone. Within the range of possibilities, the scenarios depicted below portray the most extensive development that should be expected.

This matrix was developed merely to provide a means by which to represent the analysis of potential significant environmental effects that could result from implementation of the General Plan. The actual choice of types, sizes, and locations of facilities to be developed within each zone will be determined during preparation of subsequent management plans (such as the Trails Management Plan) or specific project plans. The decisions made in these plans will be consistent with the goals and guidelines of the General Plan and based on many factors including natural and cultural resource protection, and visitor experience.

Annual visitation estimates and square footage used in the matrix are interpolated from State Park staff surveys and historical records.
