

Resolution 17-2006
for adoption by the
CALIFORNIA STATE PARK AND RECREATION COMMISSION
at its regular meeting in San Juan Bautista, California
May 12, 2006

**General Development Plan Amendment
& Mitigated Negative Declaration
for Angel Island State Park**

WHEREAS, the Director of California State Parks has presented to this Commission for approval, the proposed General Development Plan Amendment and Initial Study/Mitigated Negative Declaration ("Amendment") for Angel Island State Park; and

WHEREAS, this Amendment recognizes the historic significance and interpretive importance in restoring the Angel Island Immigration Station, and when restored, provides for public access to the historic Hospital building; and

WHEREAS, the Department prepared and circulated an Initial Study and Mitigated Negative Declaration for the Hospital Stabilization Project and General Development Plan Amendment pursuant to PRC Section 5002.2 and the California Code of Regulations (CCR) Section 15166 (CEQA Guidelines), which provides discussion of the potential impacts of the building stabilization and public use, and finds that the proposed actions will not have any significant impacts on the environment; and

NOW, THEREFORE BE IT RESOLVED: this Commission has reviewed and considered the information and analysis in the Final Mitigated Negative Declaration prior to approving this Amendment, and this Commission finds and certifies that the Final Mitigated Negative Declaration reflects the independent judgment and analysis of this Commission and has been completed in accordance with the California Environmental Quality Act; and be it

RESOLVED: in connection with its review of the Amendment prior to approving the Amendment, this Commission independently finds that the environmental conclusions contained in the Initial Study and Final Mitigated Negative Declaration are supported by facts therein, and that each fact in support of the findings is true and is based on substantial evidence in the record, and that this Commission finds the mitigation measures incorporated in the Final Mitigated Negative Declaration to be feasible and appropriate mitigation of the potential environmental impacts identified in the Hospital Stabilization Project and General Development Plan Amendment and adopts them as part of its approval of the project consistent with PRC Section 21081.6(b); and be it
