SECTION 1 - PROJECT SUMMARY

1.1 GOAL & OBJECTIVES

Department Mission
The mission of California State Parks is to provide for the health, inspiration, and education of the people of California by helping to preserve the state’s extraordinary biological diversity, protecting its most valued natural and cultural resources, and creating opportunities for high-quality outdoor recreation.

Park Mission
Columbia State Historic Park is a living historic town that preserves the commerce and mining of the California Gold Rush from 1855-1870. Its mission is to create a meaningful connection to the past for the visitors’ enjoyment, recreation and education.

Park Goals and Objectives
Columbia State Historic Park allows the visitors a glimpse of the ever-changing, mid-1850s and 1860s boom town to experience and enjoy its sights, sounds and smells and to witness its evolution from a Gold Rush mining camp to a rich and prosperous city known as the “Gem of the Southern Mines”.

The Park goals are to make Columbia State Historic Park come alive by re-creating its vital, exciting character that engages park visitors for fun and education; bring authenticity to the park by recognizing it as a valuable repository for history and as a steward for preservation; and provide resources to enhance understanding of Columbia’s history and landscape.

Goal of this Request for Proposals (RFP)
The goal of this RFP is to award a ten year contract, to an individual or business entity to develop, operate, and maintain an historic-style grocery and general store to enhance the park visitor recreational and educational experience at Columbia SHP.

Objectives of this RFP
- Provide a grocery and general store in the manner that might have been found in the building’s 1855-1870 interpretive period.

- Offer period-appropriate programs, services and/or activities to the public, including school-age children; programs that are multicultural, inspiring and relevant.

- Recreate interior/exterior settings, furnishings, and styles of service that are representative of the 1855 to 1870 period.

- Provide all park visitors with an accessible environment where they have an opportunity to participate, learn, and appreciate.
1.2 GENERAL INFORMATION

Site Description
Columbia is located in the western foothill region of California’s south central Sierra Nevada. It is in Tuolumne County, approximately four miles north of Sonora, the county seat, and is two miles east of State Highway 49, the scenic route that connects many Mother Lode communities. By automobile, Columbia is slightly more than a two-hour drive from Sacramento, and a four-hour drive from the San Francisco Bay Area. With ideal spring and fall weather, this location experiences warm to hot summer days, cool to cold winter days with small amounts of snow.

The Columbia area has about 3,000 people and the nearby Columbia Community College has around 3,200 students. Two (2) RV Campgrounds are just minutes away from the park and are open year-round.

Columbia SHP, within the limits of the historic gold mining town of Columbia, is the best-preserved historic Mother Lode town in California. It is operated by California State Parks as a combination of government and private business collaborations.

Concession businesses that currently operate in Columbia SHP include multiple lodging facilities, equestrian stagecoach, saloons, restaurants, multiple specialty retail clothing stores, coffee house, candy store, candle and soap store, photo studio, an historic theatre, ice cream parlor, bookseller and stationer, gold panning, Blacksmith shop, Artificers’ exchange, and a number of interpretive exhibits.

Historical Significance
Columbia SHP is recognized as a National Historic Landmark (NHL), the highest Federal designation bestowed on exceptional heritage resources in the United States. The town of Columbia was founded during California’s Gold Rush in 1850. It began as a small prospectors’ camp and quickly turned into a town with thousands of placer miners. Within two years, the town had formally laid-out streets with over 150 wood-framed buildings. Major fires in 1854 and 1857 destroyed the town. Fire-resistant brick was subsequently used to rebuild, and many of these structures exist today. Columbia is in a unique geological setting. Gold deposits were found in limestone pockets and were removed using hydraulic mining technologies.

Only a decade after it was founded, the town’s population was on the decline. By the 1880’s, prospectors were tearing down vacant buildings to mine the last remaining gold. Columbia was never abandoned and retained its historic character into the 20th Century. The town was revitalized in the 1920’s, with the rising popularity of tourists motoring to quaint, rural places. By 1945, at the community’s request, the State of California acquired most of the town’s historic buildings and classified the unit as a State Historic Park.

Supplemental Information
At its sole discretion, the State reserves the right, but does not have the obligation, to seek supplementary information or clarification from any proposer at any time between the dates of proposal submission/acceptance and the contract award. In the event the State does not identify a “Best Responsible Proposer” through the bid process, the State may negotiate a concession contract under the provisions of Public Resources Code Section 5080.16.

Protest of Award
Based on California Code of Regulations, Title 14, Division 3, Chapter 3, Section 4400 and Department of Parks and Recreation policy, within ten (10) days after the Department has issued a notice of intent to award a concession contract for a term in excess of two (2) years following a request for proposals or invitation to bid, any proposer/bidder may file a written statement of protest against awarding of the contract with the Director of the Department. The statement shall be signed by the protestor, shall specify the grounds for the protest and may include a demand for a hearing. Facsimile: 916-322-5609

If a protest is timely served and a hearing is demanded, or if the Director on his or her own motion orders a hearing, proceedings shall be conducted according to the Administrative Procedure Act, and the protest statement shall be treated as a Statement of Issues (Govt. Code 110504). Issues not raised in the protest statement are deemed waived. The filing of a protest does not prevent the Department from awarding the contract.

Any recommendation or decision of the hearing officer shall be submitted to the Director for approval, adoption, modification, disapproval, or other interlocutory or final action. If a hearing is not so demanded or ordered, the action of the Director shall be final.

2.3 CONTRACT EXECUTION

The contract will contain "exhibits" developed from the selected proposal including the proposal's Operation, Facility Improvement, and Interpretation Plans, as required. Minor changes or modifications to the contract, proposal plans, and contract exhibits may be made prior to execution based on agreement between the State and concessionaire. However, no material change to the contract or its exhibits as presented in the RFP and in the selected proposal may be made.

Performance Bond and Insurance
The successful proposer will be required to submit a Performance Bond and evidence of insurance required under the contract. Failure to submit the bond and/or insurance verification within the time limit presented may be treated as a refusal to execute, if the State so elects. The State may take the Proposer Bond and select the next Best Responsible Proposal.

Failure to Sign/Deliver Contract
A failure of the successful proposer to sign and deliver the contract within thirty (30) days of receipt may be treated as a refusal to execute, if the State so elects. The State may retain the Proposer Bond and select the next Best Responsible Proposal.
SECTION 3 - THE PROPOSAL

A completed Concession Proposal form (also known as DPR 398) and a Proposal Bond will constitute the proposal. Proposer must complete all sections, respond to all questions, and fill in all blanks of the form. Inapplicable questions or blanks should be marked “N/A” or “Not Applicable”. Provide an Operation, Facility Improvement, and Interpretive Plan (as required) that addresses each of the checked elements in the Concession Proposal form (DPR 398). Each element of the Concession Proposal is described below. Proposers may submit additional information to describe and enhance their proposal.

As a condition of the contract award, the successful proposer may be required to revise or further develop these plans to the satisfaction of the State and prior to the execution of the contract. If and when it is accepted, the final plans will be incorporated as exhibits to the contract and become an obligation of the concessionaire.

A. Operation Plan
The Operation Plan should address the following elements and must demonstrate an understanding of and commitment to achieving the objectives of this RFP. The proposal must also adhere to the operational requirements as described in the Sample Concession Contract.

Vision/Mission Statement
Provide a Vision/Mission Statement that captures both Columbia SHP’s mission statement and proposer’s goals and objectives for the concession business.

Organizational Structure
Provide an organization chart and staffing plan that can guide the operations and ongoing management of the concession business. The plan should identify the proposed concession manager; position titles and salaries for all job classifications with a summary of the required job skills, qualifications and duties; and the number of existing or proposed employees in each job classification to support the operation.

Transition/Business Start-Up
Provide a plan and timeline for starting concession operation, and providing a seamless transition in customer service, if applicable.
Maintenance and Housekeeping
Describe a plan to maintain the premises in good, safe and sanitary condition in accordance with all standards set forth in Section 12 and Exhibit H of the Sample Concession Contract. The maintenance plan must describe staffing, any subcontracted services, housekeeping and maintenance schedules, and annual budget allocation.

Customer Service

The plan should include, but is not limited to, previously established and effective customer service program models, adequate employee staffing and management oversight, hours of operation equal to or greater than required by this RFP, and a customer satisfaction feedback survey program.

Employee Staffing and Training
Describe personnel policies and training program for all employees including, but not limited to, hiring practices; probationary period; health, safety, and grievance policies and procedures; performance monitoring; uniform requirements; business orientation; job training; and park orientation training. Such programs must provide sufficient staffing with the skills and knowledge to ensure the provision of high-quality services, as well as, the ability to respond to public inquiries regarding state parks and answer basic questions about the park’s interpretive themes.

Favorable consideration will be given to proposals that identify focused efforts to increase visitors from California’s multi-ethnic populations.

This may include special events, educational programs, participation in community service activities, as well as collaboration with other park unit concession businesses. Provide a price schedule for a representative sample of the proposed products and services. The plan should include an explanation of the policies to be used to establish prices for products and services. Such policies should clearly demonstrate the relationship of pricing to product quality. Implementation of these policies should provide park visitors with quality products at reasonable prices considering the
competition of comparable markets for similar products, services and cost of doing business.

Accessibility
Describe commitment to ensure that visitors with disabilities will have access to all of the events and services provided through the concession operation in accordance with the Americans with Disabilities Act of 1990, the Rehabilitation Act of 1973, and California Government Code Sections 4450 et. seq. and 7250. Additional accessibility resources are available at www.ada.gov; http://www.parks.ca.gov/?page_id=21944 (State Parks Accessibility Program; and http://www.parks.ca.gov/?page_id=22651 (All Visitors Welcome handbook).

Describe commitment to promote a healthy lifestyle in an environmentally-sustainable manner. Proposers should identify and commit to sell some locally grown, produced and sustainably harvested food products from within region.

As a condition of the contract award, the successful proposer may be required to revise or further develop the Operation Plan to the satisfaction of the State and prior to the execution of the contract. If and when it is accepted, the final plan will be incorporated as an exhibit to the contract and become an obligation of the concessionaire.

B. Facility Improvement Plan
The Facility Improvement Plan should address the following elements and meet or exceed the objectives of this RFP to provide high-quality and accessible facilities. Greater consideration will be given to those proposals that clearly demonstrate an ability to implement the plan. Accessibility
Identify and describe the plan to remove any identified physical barriers to accessibility. Include a description of the barriers identified, the means used to identify barriers and a timeline for the removal of said barriers.

The goal is to achieve a park visitor experience, through look, feel, and ambience, of stepping back in time to the California Gold Rush days between 1855 and 1870 in Columbia. Proposals may include drawings and pictures to illustrate and clarify the plan. More points will be awarded to proposals that integrate the park’s interpretive theme into the daily operation of the concession. Fiscal documentation that will be considered to receive a pass include the financial proforma; the business financial statement; business, vendor, bank, and/or financial references; credit worthiness; and similar documents necessary to support the proposal commitments. The financial projections should consider the commitments made within the Operation, Facility Improvement, and Interpretive Plans (as applicable). Upon receiving a “pass” under Level II review, concession feasibility will be further evaluated under Level III in relation to the Operation, Facility Improvement, and Interpretive Plan commitments.

III. PROPOSAL SUMMARY
The Proposal Summary should summarize relevant experience, knowledge, and expertise, and the Operation, Facility Improvement, and Interpretive Plans (as applicable) in 250 words or less.

3.2 PROPOSAL EVALUATION CRITERIA

For the purposes of this RFP, proposers must have a minimum of three (3) years’ experience owning, managing, or operating a business of similar size, type, and scope as the concession operations set forth and envisioned by this RFP. If proposer experience meets the minimum qualification, it will be rated according to the years of relevant experience as verified by references and relevance to the business described in this RFP.

Operation Plan  
25 Points
A maximum of twenty-five (25) points will be awarded based upon the degree to which the proposal addresses each of the elements described in Section II Proposal Information and identified in the DPR 398, Concession Proposal.

Facility Improvement Plan  
15 Points
A maximum of ten fifteen (15) points will be awarded based upon the degree to which the proposal addresses each of the elements described in Section II Proposal Information and identified in the DPR 398, Concession Proposal.

A maximum of twenty (20) points will be awarded based upon the degree to which the proposal addresses each of the elements described in Section II Proposal Information and identified in the DPR 398, Concession Proposal.

Rental Offer 20 Points
For the purpose of assigning points in the Proposal Evaluation, the highest acceptable rental offer* for each category of rent required (Rental Guarantee and Percentages of Gross Sales) will be assigned the maximum points available for that category. Each lower rental offer will be assigned points in relation to the highest rental offer as follows:

Rental Guarantee (Minimum bid is $13,000)
\[
\frac{(\text{Bid Amount}) - (\text{Guaranteed Rent})}{(\text{Highest Bid Amount}) - (\text{Guaranteed Rent})} \times 10 \text{ points} = \underline{\text{______ points}}
\]

Percentage of Gross Sales up to $350,000 (Minimum bid is 4%)
\[
\frac{(\text{Bid Amount})}{(\text{Highest Bid Amount})} \times 6 \text{ points} = \underline{\text{______ points}}
\]

Percentage of Gross Sales over $350,000 (Minimum bid is 5%)
\[
\frac{(\text{Bid Amount})}{(\text{Highest Bid Amount})} \times 4 \text{ points} = \underline{\text{______ points}}
\]

*Note: the highest bids received may not be considered acceptable. Proposers may be required to prove to the satisfaction of the State their ability to operate a successful business under their rental offer. Failure to prove this ability will be cause to disqualify the proposal. In this case, the second highest acceptable bid would be used to calculate points awarded.

CONCESSION CONTRACT
For

Located In
Columbia State Historic Park

THIS CONTRACT is made and entered into by and between the STATE OF CALIFORNIA, acting through its Department of Parks and Recreation, hereinafter referred to as "State," and ConcessionaireName DBA FictitiousBusName of CityState, hereinafter referred to as "Concessionaire";

RECITALS

WHEREAS, California Public Resources Code Section 5080.03 et seq. authorizes the Department of Parks and Recreation to enter into concession contracts for the operation of state park system lands and facilities and;

WHEREAS, it is appropriate that the following contract be entered into for the safety and convenience of the general public in the use and enjoyment of, and the overall enhancement of recreational and educational experience at units of the state park system;

NOW, THEREFORE, IT IS MUTUALLY AGREED BY AND BETWEEN THE PARTIES AS FOLLOWS:
1. **DESCRIPTION OF PREMISES**
   The State for and in consideration of the agreements hereinafter stated, grants to Concessionaire for the purposes stated herein, the right, privilege, and duty to develop, equip, operate, and maintain a nonexclusive concession in Columbia State Historic Park at the location(s) of 11245 Jackson Street as set forth in Exhibit A, attached to and made a part of this Contract (the "Premises").

   The possessory interest herein given to the Concessionaire does not exclude the general public from the Premises; however, the use by the general public is limited by the terms and conditions of the possessory interest given herein. This Contract is not intended to confer third party beneficiary status to any member of the public who is benefited by the terms of this Contract. The possessory interest is further subject to all valid and existing contracts, leases, licenses, encumbrances, and claims of title that may affect the Premises.

2. **CONDITION OF PREMISES**
   The taking of possession of the Premises by the Concessionaire, in itself, shall constitute acknowledgment that the Premises are in good and sufficient condition for the purposes for which Concessionaire is entering into this Contract. Concessionaire agrees to accept Premises in their presently existing condition, "AS IS," and that the State shall not be obligated to make any alterations, additions, or betterments to the Premises except as otherwise provided for in this Contract.

3. **TERM**
   The term of this Contract shall be for a period of Ten (10) Years, commencing on the first day of the month following approval by the California Department of General Services. Should Concessionaire hold-over after the expiration of the term of this Contract with the express or implied consent of the State, such holding-over shall be deemed to be a tenancy from month-to-month at the herein stated prescribed rent as set forth in this Contract in Section 45, Surrender of Premises; Holding Over, of this Contract, with continuous Consumer Price Index adjustment, as defined below, subject otherwise to all the terms and conditions of this Contract.
For purposes of this Contract, the term "Contract Year" shall mean each one-year period of time that commences on the commencement date identified above, extending twelve (12) months therefrom, and continuing from each anniversary throughout the term of the Contract.

4. **RENT**

Concessionaire shall pay, without offset, deduction, prior notice, or demand, as "Minimum Annual Rent" the sum of $$ (Annual Rent Guarantee Bid) or the following percentage(s) of gross receipts, whichever sum is greater:

BID PERCENT (___%) of the first THREE HUNDRED FIFTY THOUSAND DOLLARS ($350,000) of Annual Gross Receipts

plus

BID PERCENT (___%) of Gross Receipts over THREE HUNDRED FIFTY THOUSAND DOLLARS ($350,000) of Annual Gross Receipts.

Beginning with Contract Year Six (6) and on the first day of each fifth Contract Year thereafter, the Minimum Monthly/Annual Rent ($$$) shall be adjusted to reflect changes in the Consumer Price Index (CPI). Such CPI adjustments shall be made in accordance with the procedure set forth in Exhibit B, “Consumer Price Index Adjustment Formula”, attached to and made a part of this Contract.

Concessionaire shall make payment of Minimum Annual/Monthly Rent and other payments to State in lawful money of the United States. However, if any payment made by a check, draft, or money order is returned to State due to insufficient funds or otherwise, State shall have the right, at any time after the return, upon written notice to Concessionaire, to require Concessionaire to make all subsequent payments in cash or by cashier's or certified check.

Beginning with the fifteenth (15th) day of the month following the opening of the concession for business, and on or before the fifteenth (15th) day of each month thereafter, Concessionaire shall furnish to State a verified statement of the concession’s gross receipts for the preceding month. Such statement shall be submitted on Form DPR 54, "Concessionaire's Monthly Report of Operation", attached hereto as Exhibit C, or in a format previously approved by the State, and shall specify the current period and
cumulative total of gross receipts for the concession through the end of the preceding month for the then current Contract Year. Concessionaire shall also provide such statement for periods of non-operation. Concurrent with such monthly statement, the Concessionaire shall pay to State the appropriate rental fee based on the gross receipts for the preceding calendar month as prescribed above. Payments to State shall be made to the order of the Department of Parks and Recreation and delivered to the District Office identified herein below or at such other location as may from time to time be designated by State. If, at the end of the Contract Year, the total of monthly percentage rental payments made (or due) during that Contract Year is less than the Minimum Annual Rent required for that Contract Year, the difference shall be remitted to State with the last monthly sales statement for the Contract Year. **Payments must be received by State on or before the fifteenth (15th) day of the month as described above.** Any late payment shall constitute a breach of contract, giving rise to State's remedies as set forth below. Further, any late payment will be subject to a late penalty consisting of an administrative charge on the late amount, calculated at the rate of five percent (5%) of the amount of the late payment or portion thereof. The parties agree that the late charge represents a fair and reasonable estimate of the costs State will incur because of late payment. Acceptance of the late charge by State shall not constitute a waiver of Concessionaire's default for the overdue amount, nor prevent State from exercising the other rights and remedies granted under this Contract. Concessionaire shall pay the late charge as additional rent with the next monthly rent payment.

Any amount due to State, if not paid within five (5) days following the due date, will bear interest from the due date until paid at the rate of ten percent (10%) per year. However, interest shall not be payable on late charges incurred by Concessionaire. Payment of interest shall not excuse or cure any default by Concessionaire.

Upon written request by the Concessionaire to State demonstrating unusual or extenuating circumstances causing the late payment, the State, in its sole discretion, may waive the late charge. Further, in the event Concessionaire is prevented from carrying on the operations contemplated herein by reason of an Act of Nature or other reasons beyond Concessionaire's control, and when requested in writing in advance by Concessionaire, Minimum Rent may be abated in proportion to the amount by which
gross receipts are reduced by the occurrence for such period of reduced or non-operation, as determined in the sole discretion of State.

If this Contract is terminated by State because of Concessionaire's default, and if Concessionaire becomes liable for any deficiency in rent and/or fees by way of damages or otherwise, or if at any time during the Contract term Concessionaire ceases to conduct in the Premises the business referred to herein below, then from and after the time of the breach causing this termination, or from and after the time of the cessation of business, all unpaid rent and/or fees prior to the breach causing termination or cessation of business shall become due and payable. The amount due shall be deemed to be the greater of: (a) the Minimum Rent provided herein, or (b) an amount based upon the average of the payments that have accrued to State as percentage rent during the twenty-four (24) months preceding the termination or cessation of business, unless the termination or cessation occurs within three (3) years of the beginning of the Contract term, in which event the previous twelve (12) (or fewer, if applicable) months shall be used as the basis of this average.

5. **GROSS RECEIPTS**

The term "gross receipts," wherever used in this Contract, is intended to and shall mean all moneys, property, or any other thing of value received by or owed to Concessionaire and any sub-concessionaire or operator, if other than Concessionaire, through or in connection with the operation of the concession, including any concession related business carried on through the internet or catalog sales, or from any other business carried on or in connection with the Premises, or from any other use of the Premises, and/or of any business of any kind that uses the names licensed by this Contract, or that associates with or implies an endorsement by State, all without deduction. Any penalties, lien charges, and/or costs to resolve construction related disputes shall not be included in the minimum expenditure amount. After completion of all concession facility improvements and acceptance by State, if there remains an unspent balance of the Fifteen Thousand Dollars ($15,000), Concessionaire shall pay this unspent balance to State as an additional rental payment within thirty (30) days from State’s acceptance of the concession facility improvements.

In the event State deems the hours of operation inadequate for proper service to the public, State may require Concessionaire to adjust the days and/or hours of operation to a schedule provided by State. Concessionaire may remain open longer hours, at Concessionaire's discretion with the concurrence of State. In the event of adverse weather or other operating conditions, State may permit the concession to close at any time during the term of this Contract.
Concessionaire shall not use or permit the Premises to be used in whole or in part during the term of this Contract for any purpose other than as herein set forth without the prior written consent of the State.

conservation, pest management, grease removal and disposal, hazardous
materials handling and storage, and air quality. Specifically, the program must
include the following:

1) Recycling and Beverage Container Programs: The Concessionaire
shall implement a source reduction and recycling program designed to
minimize concession and patron use of disposable products, per Public
Contract Codes Sections 12161 and 12200 et seq. Reusable and
recyclable products are preferred over “throwaways.” Where disposable
products are needed, products that have the least impact on the
environment will be selected. No Styrofoam containers or other non-
biodegradable containers are to be used or sold by Concessionaire. The use of "post-consumer" recycled products is encouraged wherever possible.

The Concessionaire shall participate in the California beverage container redemption/recycling program. Products to be recycled include, but are not limited to, paper, newsprint, cardboard, bimetal, plastics, aluminum and glass. Where Concessionaire is found to be in breach of this provision due to the issuance of a government order directing Concessionaire to cease and desist any illegal action in connection with a hazardous substance, or to remediate a contaminated condition directly caused...
by Concessionaire or any person acting under Concessionaire’s direct control or authority, Concessionaire shall be responsible for all cost and expense of complying with such order, including any and all expenses imposed on or incurred by the State in connection with or in response to such government order. Notwithstanding the foregoing, in the event a government order is issued naming Concessionaire, or Concessionaire incurs any liability during or after the term of the Contract in connection with contamination that preexisted the Concessionaire’s obligations and occupancy under this Contract or prior contracts, or that were not directly caused by Concessionaire, the State shall be solely responsible as between Concessionaire and the State for all expenses and efforts in connection therewith, and State shall reimburse Concessionaire for all reasonable expenses actually incurred by Concessionaire therewith.

E. Certification: Upon termination of this Contract, when requested by State, Concessionaire shall provide certification prepared by a Certified Industrial Hygienist that there is no hazardous waste contamination and/or damage to the Premises.

Concessionaire, or the pest control business acting on behalf of Concessionaire, shall submit a report of completed work for each pest management action to the State no later than seven (7) days after performance of the work. Said furnishings shall be returned to the State at the expiration of this agreement in the same condition as received, reasonable use, wear and tear, and damage by the elements expected.

   The State shall not be obligated to replace equipment, fixtures or furnishing items which may become unserviceable or beyond reasonable repair due to use, wear and tear, and/or damage by the elements.

   Should Concessionaire fail, neglect or refuse to maintain the items described in the loan agreement, **Exhibit M**, the State shall have the right to perform such maintenance or repairs for the Concessionaire’s account, and the Concessionaire agrees to promptly reimburse the State for the cost thereof, provided however, that the State shall first give Concessionaire ten (10) days written notice of its intention to perform such maintenance or repairs for the concessionaire’s account for the purpose of enabling Concessionaire to proceed with such maintenance or repairs at the Concessionaire’s own expense. Should Concessionaire refuse to pay the cost within thirty (30) days after State bills Concessionaire for State’s cost, then State may make a demand on the Concessionaire’s performance bond, required in Section 27 below, to satisfy such expenditures.

21. **PHOTOGRAPHY**

   State may grant permits to persons or corporations engaged in the production of still and motion pictures and related activities for the use of the Premises for such purposes when such permission shall not interfere with the primary business of
Concessionaire. Such permits shall not be deemed to be a competitive activity with regard to Concessionaire’s rights to possession and operation under this Contract.

writing, belong to State Parks upon creation, and continue in State Park’s exclusive ownership upon termination of this Contract. Unless otherwise agreed to in writing, Concessionaire intends and agrees to assign to State Parks all rights, title, and interest in and all works created pursuant to this Contract as well as all related intellectual property rights.

23. **GRANT OF STATE’S TRADEMARK LICENSE**

State hereby grants Concessionaire, and Concessionaire hereby accepts a non-exclusive, non-assignable license to use the State Park Logo (sometimes referred to as the “Trademark” or “Mark”), created and owned by State, in accordance with the terms and conditions of the “License/Permission for Use of Trademarks” which is attached hereto as **Exhibit N**, and is incorporated herein by this reference. After signature by both Concessionaire and State Parks, this License shall authorize the use of the Trademark and associated goodwill, in connection with this Contract only.

A record of each authorized use by Concessionaire of the Trademark shall be maintained by Concessionaire and by State Parks.

Any changes to the timeline shall not be earlier than the dates set forth in the Working Drawings, as approved by State, except with concurrence of Concessionaire.

E. Completion of Improvements: Upon State approval of the Working Drawings and receipt of all required permits, licenses, and other approvals, Concessionaire shall commence construction to the facility as described herein, and prosecute the same to completion with all due diligence and within four (4) months or as presented in Exhibit E, Facility Improvement Plan. Such time shall be extended as reasonably necessary in the event of delays caused by fire, earthquakes, wars, strikes, adverse weather, or other calamity beyond Concessionaire's control. Concessionaire shall hold monthly or more frequent status meetings throughout the period of construction, which shall include representatives of the general contractor, appropriate subcontractors, a representative of Concessionaire, and a representative of the State.

Upon completion of construction, Concessionaire shall (1) file a Notice of Completion of Construction in County within which work was executed, and identify State as recipient of recorded document; (2) secure Certificate of Occupancy if required by State Fire Marshal; (3) provide State with a complete set of "as-built" plans and updated specifications for all improvements in a format acceptable to State; (4) submit evidence that all improvements are clear of any mechanic's liens; (5) have work certified by a licensed architect or engineer to be
in compliance with the Working Drawings as approved by State and all applicable building or other laws, codes, or regulations; (6) secure sign-off for CEQA compliance; and (7) submit an account of the cost for all facility improvements, excluding equipment and trade fixtures that are the personal property of Concessionaire.

The cost accounting as required by item (8) above shall include cost statements and substantiating invoices for all project expenses including labor and materials. After such accounting has been examined by State, State in its sole discretion will establish in a reasonable and fair manner the cost of facilities and improvements for the purposes of evaluating Concessionaire’s compliance with the facility development expenditure requirements of this Contract. In the event such accounting is not filed by Concessionaire at the time specified, State shall estimate the cost of the project and serve notice of same on Concessionaire in the manner provided herein.

26. MODIFICATIONS, ADDITIONS, TITLE TO IMPROVEMENTS

In the event that Concessionaire desires to make modifications, improvements, or additions to the Premises or any part of the Premises, including changes to structural design, required accessibility barrier removal work, landscape design, or interior or exterior fixtures, design, and/or furnishings, (collectively Alteration(s)), the approval in writing of State shall be obtained prior to the commencement of any Alterations. State shall dictate the plan approval process which will include the initial submission of a “Columbia State Historic Park Concession Modification Request” attached hereto as Exhibit O.

The Premises as shown on Exhibit A include a state historic facility, as defined in Public Resources Code Section 5024. No alteration, modifications, demolition, or construction, other than those which may be outlined herein, may be commenced without prior written approval from State in accordance with Public Resources Code Section 5024.5.

Once any Alteration has been approved by State and the work has begun, Concessionaire shall, with reasonable diligence, prosecute to completion all approved
Alterations. All work shall be performed in a good and workmanlike manner, shall substantially comply with plans and specifications submitted to State as required herein, and shall comply with all applicable governmental permits, laws, ordinances, and regulations. It shall be the responsibility of Concessionaire, at its own cost and expense, to obtain all licenses, permits, and other approvals necessary for the construction of approved Alterations.

Title to all Alterations and improvements existing or hereafter erected on the Premises, regardless of who constructs such improvements, shall immediately become State's property and, at the end of the Term, shall remain on the Premises without compensation to Concessionaire. Concessionaire agrees never to assail, contest, or resist title to the Alterations and improvements. The foregoing notwithstanding, State may elect, by notice to Concessionaire, that Concessionaire must remove any Alterations that are peculiar to Concessionaire's use of the Premises and are not normally required or used by State and/or future occupants of the Premises. In this event, Concessionaire shall bear the cost of restoring the Premises to its condition prior to the installment of the Alterations.

27. **BONDS**

A. All bonds required under this Contract must be in a form satisfactory to State, issued by a corporate surety licensed to transact surety business in the State of California.

B. **Performance Bond:** Concessionaire, at Concessionaire's own cost and expense, agrees to obtain and deliver to State, prior to the commencement date of this Contract and prior to entering the Premises, and shall maintain in force throughout the term of this Contract, a valid Performance Bond (which may be renewed annually) in the sum of **Fifty Percent (50%) of the Minimum Annual Rent** payable to the State. This bond shall insure faithful performance by Concessionaire of all the covenants, terms, and conditions of this Contract inclusive of, but not restricted to, the payment of all rentals, fees, and charges and prompt performance of and/or payment for all maintenance obligations. In lieu of a bond, the Concessionaire may substitute another financial instrument
(such as an Irrevocable Standby Letter of Credit), which must be sufficiently secure and acceptable to State. At least thirty (30) days prior to the expiration or termination of said bond or acceptable financial instrument, a signed endorsement or certificate showing that said bond or financial instrument has been renewed or extended shall be filed with the State. The bond shall guarantee payment by Concessionaire of all materials, provisions, provender, supplies, and equipment used in, upon, for, or about the performance of said construction, and protect the State from any liability, losses, or damages arising therefrom. In no event shall Concessionaire allow the imposition of a mechanics’ lien or other lien on the concession property, and at its sole expense shall take all steps to remove such liens or the threat of such liens.

D. Construction Performance Bond: Prior to the commencement of construction required hereunder, Concessionaire shall furnish the State with a bond, listing Concessionaire’s contractor(s) as principals, in a sum not less than fifty percent (50%) of the total cost of the construction. The bond shall guarantee faithful performance of the construction by Concessionaire’s contractor.

E. Concessionaire acknowledges that allowing the Performance Bond or other security instrument(s) to expire or otherwise terminate and/or allowing the total secured amount to fall below the security required herein will cause State to incur costs and significant risks not contemplated by this Contract, the exact amount of which will be difficult to ascertain. These costs include, but are not limited to, administrative costs and other expenses necessary to ensure continued performance of services for the public and protection of the Premises. Accordingly, if Concessionaire allows the Performance Bond or other security
instrument to expire or otherwise terminate and/or allows the total secured amount to fall below the security required pursuant to this Contract, Concessionaire shall pay to State an amount equal to five percent (5%) of the required security or five hundred dollars ($500), whichever is greater. The parties agree that this charge represents a fair and reasonable estimate of the costs State will incur. Acceptance of this charge by State shall not constitute a waiver of Concessionaire's default, nor prevent State from exercising the other rights and remedies available to it under this Contract or applicable law, including the right to terminate this Contract and seek the payment of damages.

B. The State shall be named as “loss payee” for any Property Insurance claim related to the destruction, loss, or damage of State-owned buildings. In the event of destruction, loss, or damage of any of the State-owned buildings, improvements, or fixtures located on the Premises that the State determines (1) to be essential to the continued operation of the Contract and (2) cannot be repaired within one-hundred-eighty (180) days of the occurrence, the State may terminate this Contract. A decision by the State to terminate the Contract under this provision shall be communicated in writing to Concessionaire as soon as practicable. If the Contract is so terminated, State shall be entitled to the proceeds payable under any applicable insurance policies pertaining to the loss as its interest may appear. Receipt of such proceeds by State shall be in addition to the right of State to pursue whatever other remedies it may have to recover any losses due to the occurrence. If the State determines not to terminate the Contract, then, in State’s discretion, any buildings, improvements, or fixtures built in replacement of any damaged or destroyed property shall be subject to the terms and provisions of this Contract as if they had existed at the onset. In no event shall the provisions of this Section be deemed or construed to relieve Concessionaire from the requirement to repair or replace any damaged or destroyed property except as specifically excepted by express terms of this Contract.

C. Each policy of liability insurance shall apply separately to each insured against whom claim is made or suit is brought subject to the Concessionaire’s
limit of liability. The policy must include the State of California, Department of Parks and Recreation, its officers, agents, and employees, as additional insured. These endorsements must be supplied under form acceptable to State. Any subcontractors shall be included under Concessionaire’s policy or provide evidence of coverage equal to limits and policies required of Concessionaire.

D. Concessionaire is responsible to provide the State within five (5) business days following receipt by Concessionaire a copy of any cancellation or non-renewal of insurance required by this Contract. In the event Concessionaire fails to keep in effect at all times the specified insurance coverage, State may, in addition to other remedies it may have, terminate this Contract upon the occurrence of such event, subject to the provisions of this Contract.

E. Each policy shall be underwritten to the satisfaction of the State. Concessionaire shall submit to State a signed and complete certificate of insurance with all endorsements required by this Section, showing to the satisfaction of State that such insurance coverage has been renewed or extended. Within fifteen (15) days of State’s request, Concessionaire shall furnish State with a signed and complete copy of the required policy.

The Concessionaire, by signing this Contract, does hereby swear, under penalty of perjury, that no more than one final, unappealable finding of contempt of court by a Federal Court has been issued against Concessionaire within the two-year period immediately preceding the date of this Contract because of Concessionaire's failure to comply with a Federal Court order that Concessionaire shall comply with an order of the National Labor Relations Board.

A “DPR 531, Concession Performance Rating” attached hereto as Exhibit R, or other similar format(s) as may be adopted by the State will be utilized for evaluation purposes. State further reserves the right of ingress and egress without notice to inspect concession operations for the purposes of evaluating Concessionaire’s performance of the terms and conditions of this Contract; to inspect, investigate, and/or survey the Premises; and to do any work thereon of any nature necessary for preservation, maintenance, and operation of the State Park System. Concessionaire agrees to cooperate with State in all respects related to the implementation of State’s Concession Performance Evaluation program and with State’s activities on the Premises. State shall not be liable in any manner for any inconvenience, disturbance, loss of business, nuisance, or other damage arising
out of State’s entry in the Premises as provided herein, except damage resulting from the active negligence or willful misconduct of State or its authorized representatives.

41. **DEFAULT BY CONCESSIONAIRE**

A. **Defaults:** The occurrence of any one of the following shall constitute a default and breach of this Contract by Concessionaire:

1) **Failure to Pay Rent:** Any failure of Concessionaire to timely pay any rent due or any other monetary sums required to be paid hereunder where such failure continues for a period of ten (10) consecutive days after such sums are due.

2) **Absence from Premises:** Any complete absence by Concessionaire or its agents and employees from the Premises for thirty (30) consecutive days or longer. The Premises shall be deemed abandoned after State has followed the procedures set forth in Civil Code Section 1951.3.

3) **Nuisance:** Should Concessionaire create or allow to be created a nuisance on the Premises, State may declare an immediate event of default and enter upon and take possession and/or demand an assignment of the right to operate the Premises without notice to Concessionaire. For the purpose of this paragraph, “nuisance” consists of an egregious activity that threatens the health, welfare, and safety of the public. Concessionaire shall immediately vacate the Premises and remove all personal property within thirty (30) days after State’s declaration of default.

4) **Failure to Observe Other Provisions:** Any failure by Concessionaire to observe or perform another provision of this Contract where such failure continues for twenty (20) consecutive days after written notice thereof by State to Concessionaire; this notice shall be deemed to be the notice required under California Code of Civil Procedure Section 1161. However, if the nature of Concessionaire’s default is such that it cannot reasonably be cured within the twenty (20) day period, Concessionaire shall not be deemed to be in default if it is determined at the sole
discretion of State that Concessionaire has commenced such cure within the twenty (20) day period and thereafter continues to diligently prosecute such cure to completion to the satisfaction of State.

5) **Involuntary Assignments, Bankruptcy:** State and Concessionaire agree that neither this Contract nor any interest of Concessionaire hereunder in the Premises shall be subject to involuntary assignment or transfer by operation of law in any manner whatsoever, including, without limitation, the following: (a) transfer by testacy or intestacy; (b) assignments or arrangements for the benefit of creditors; (c) levy of a writ of attachment or execution on this Contract; (d) the appointment of a receiver with the authority to take possession of the Premises in any proceeding or action in which Concessionaire is a party; or (e) the filing by or against Concessionaire of a petition to have Concessionaire adjudged a bankrupt, or of a petition for reorganization or arrangement under any law relating to bankruptcy. Any such involuntary assignment or transfer by operation of law shall constitute a default by Concessionaire and State shall have the right to elect to take immediate possession of the Premises, to terminate this Contract and/or invoke other appropriate remedies as set forth below, in which case this Contract shall not be treated as an asset of Concessionaire.

B. **Notices of Default:** Notices of default shall specify the alleged default and the applicable contract provision and shall demand that Concessionaire perform the provisions of this Contract within the applicable time period or quit the Premises. No such notice shall be deemed a forfeiture or a termination of this Contract unless State specifically so states in the notice.

42. **STATE’S REMEDIES**

In the event of default by Concessionaire, State shall have the following remedies. These remedies are not exclusive; they are cumulative and are in addition to any other right or remedy of State at law or in equity.
A. **Collection of Rent:** In any case where State has a cause of action for damages, State shall have the privilege of splitting the cause to permit the institution of a separate suit for rent due hereunder, and neither institution of any suit, nor the subsequent entry of judgment shall bar State from bringing another suit for rent; it being the purpose of this provision to provide that the forbearance on the part of State in any suit or entry of judgment for any part of the rent reserved under this Contract, to sue for, or to include in, any suit and judgment the rent then due, shall not serve as defense against, nor prejudice a subsequent action for, rent or other obligations due under the Contract. The claims for rent may be regarded by State, if it so elects, as separate claims capable of being assigned separately.

B. **Maintain Contract in Effect:** The State has the remedy described in California Civil Code 1951.4 (lessor may continue lease in effect after lessee’s breach or abandonment and recover rent as it becomes due, if lessee has right to sublet or assign, subject only to reasonable limitations). The following do not constitute a termination of the Concessionaire’s right to possession: (1) Acts of maintenance or preservation or efforts to relet the Premises; (2) The appointment of a receiver upon initiative of the State to protect State’s interests under the Contract; (3) Withholding consent to a subletting or assignment so long as such consent is not unreasonably withheld.

C. **Continued Performance:** At State’s option, Concessionaire shall continue with its responsibilities under this Contract during any dispute.

D. **Termination of Concessionaire’s Right to Possession:** Upon an event of default, State may terminate Concessionaire’s right to possession of the Premises at any time by written notice to Concessionaire. In the absence of such written notice from State, no act by State, including, but not limited to, acts of maintenance, efforts to relet and/or assign rights to possession of the Premises, or the appointment of a receiver on State’s initiative to protect State’s interest under this Contract shall constitute an acceptance of Concessionaire’s surrender of the Premises, or constitute a termination of this Contract or of
Concessionaire's right to possession of the Premises. Upon such termination, State has the right to recover from Concessionaire:

1) the worth, at the time of the award, of the unpaid rent that had been earned at the time of termination of this Contract;
2) the worth, at the time of the award, of the amount by which the unpaid rent that would have been earned after the date of termination of this Contract until the time of the award exceeds the amount of loss of rent that Concessionaire proves could have reasonably been avoided;
3) the worth, at the time of the award, of the amount by which the unpaid rent for the balance of the term after the time of the award exceeds the amount of the loss of rent that Concessionaire proves could have been reasonably avoided; and
4) any other amount necessary to compensate State for all the detriment proximately caused by Concessionaire's failure to perform its obligations under this Contract, which, without limiting the generality of the foregoing, includes any cost and expenses incurred by the State in recovering possession of the Premises, in maintaining or preserving the Premises after such default, in preparing the Premises for a new concessionaire, in making any repairs or alterations to the Premises necessary for a new concessionaire, in making any repairs or alterations to the Premises, and costs of clearing State's title of any interest of Concessionaire, commissions, attorneys' fees, architects' fees, and any other costs necessary or appropriate to make the Premises operational by a new concessionaire.

"The worth, at the time of the award," as used herein above shall be computed by allowing interest at the lesser of a rate of ten percent (10%) per annum or the maximum legal rate.

E. Assignment at State's Direction: In the event of a default by Concessionaire, when cure is not received and acknowledged by State after having provided notice of the breach as provided herein above, Concessionaire shall, in addition to the damages provided for herein, be obligated to assign all
rights to occupy, possess, and operate on and in the Premises to State’s
designee within thirty (30) days of receipt of written demand by State.
Concessionaire shall further remove itself and its personal property from the
Premises within the same time frame. Concessionaire agrees to execute all
documents necessary to effectuate and implement this provision. Upon such
assignment, all rights of Concessionaire under the Contract shall transfer to the
assignee.

Any designated assignee, as provided for herein, shall take and operate
the concession under the same terms and conditions as those set forth herein,
except for requirements that have already been performed and are no longer
applicable. However, Concessionaire shall not be relieved of obligations
incurred. An assignment of the Contract pursuant to the terms hereof shall not
cause the Contract to terminate and shall not work a merger.
F. Receiver: If Concessionaire is in default of this Contract, State shall have
the right to have a receiver appointed to collect rent and conduct
Concessionaire’s business or to avail itself of any other pre-judgment remedy.
Neither the filing of a petition for the appointment of a receiver nor the
appointment itself shall constitute an election by State to terminate this Contract.
G. Right to Cure Concessionaire’s Default: At any time after Concessionaire
commits a default, State can cure the default at Concessionaire’s cost. If State,
at any time by reason of Concessionaire’s default, pays any sum or does any act
that requires the payment of any sum, the sum paid by State shall be due
immediately from Concessionaire to State, and if paid at a later date shall bear
interest at the rate of ten percent (10%) per annum from the date the sum is paid
by State until State is reimbursed by Concessionaire. Any such sum shall be due
as additional rent.
H. Personal Property of Concessionaire: In the event any personal property
or trade fixtures of Concessionaire remain at the Premises after State has
regained possession or after an assignment is accomplished, that property or
those fixtures shall be dealt with in accordance with the provisions for Surrender
of the Premises provided below.
1) **State’s Obligations After Default:** State shall be under no obligation to observe or perform any covenant of this Contract on its part to be observed or performed that accrues after the date of any default by Concessionaire. Such nonperformance by State shall not constitute a termination of Concessionaire’s right to possession nor a constructive eviction.

2) **No Right of Redemption:** Concessionaire hereby waives its rights under California Code of Civil Procedure Sections 1174 and 1179 or any present or future law that allows Concessionaire any right of redemption or relief from forfeiture in the event State takes possession of the Premises by reason of any default by Concessionaire.

3) **Other Relief:** All monetary obligations of the Concessionaire of any kind shall be considered rent. State shall have such rights and remedies for failure to pay such monetary obligations as State would have if Concessionaire failed to pay rent due. The remedies provided in this Contract are in addition to any other remedies available to State at law, in equity, by statute, or otherwise.

4) **No Buy-out:** In accordance with Public Resources Code Section 5080.18 (h), where the Contract has been terminated due to a breach on the part of the Concessionaire under any terms of this Contract the State shall not be obligated to purchase any improvements made by Concessionaire or to pay the Concessionaire for said improvements before or after taking possession of the Premises.

**43. DEFAULT BY STATE**

State shall not be in default of the performance of any obligation required of it under this Contract unless and until it has failed to perform such obligation for more than thirty (30) days after written notice by Concessionaire to State specifying the alleged default and the applicable contract provision giving rise to the obligation. However, if the nature of State's obligation is such that more than thirty (30) days is required for its performance, then State shall not be deemed in default if it shall
commence performance within such 30-day period and thereafter diligently prosecute the same to completion.

44. **STATE BUY-OUT PROVISIONS**
   
   A. Notwithstanding any other provision in this Contract and in addition to any other remedy available to State, upon twelve (12) months written notice, State shall have the option to terminate the Contract and to pay Concessionaire the then depreciated cost of the facilities placed, created, or developed by Concessionaire on the Premises.

   B. It is expressly understood that this Section does not apply to the situation where the State may terminate this Contract for any breach on the part of the Concessionaire under Section 41, Default By Concessionaire, or where the Contract is terminated at Concessionaire’s request. Where there has been a breach on the part of the Concessionaire, under any terms of this Contract, the State shall not be obligated to pay the Concessionaire before or after taking possession of the Premises.

   In the event of breach, bankruptcy, insolvency, abandonment, or the Contract is terminated at Concessionaire’s request, the buy-out provisions contained herein are not to be considered as an obligation of the State.

   C. For the purposes of this Section, such facilities shall be deemed to be the structures Concessionaire is expressly required to construct, create, or develop under Section 25, Construction and Completion of Improvements, or later adds, exclusive of Concessionaire’s personal property. The cost of such facilities for the purposes of this Section shall be those values established under Section 25(e), Construction and Completion of Improvements, above.

   D. In the event there is an assignment of this Contract for security and as consented to by State, then any payments made pursuant to this Section shall be used to satisfy such assignee to the extent of assignee’s interest.

   E. This Section shall only be operative when funds required by State for such buy-out are lawfully available to State, either through appropriation by the
Legislature and through the normal budgeting processes of the State or otherwise.

45. **SURRENDER OF THE PREMISES; HOLDING OVER**

A. **Surrender**: On expiration or within thirty (30) days after earlier termination of the Contract, Concessionaire shall surrender the Premises to State with all fixtures, improvements, and Alterations in good condition, except for fixtures, improvements, and Alterations that Concessionaire is obligated to remove. Concessionaire shall remove all of its personal property and shall perform all restoration required by the terms of this Contract within the above stated time unless otherwise agreed to in writing.

1) **Personal Property**: All of Concessionaire's personal property remaining on the Premises beyond such time specified in this Section shall be dealt with in accordance with California Code of Civil Procedure Section 1174 and California Civil Code Sections 1980, or such other laws as may be enacted regarding the disposition of Concessionaires' property remaining at the Premises. Concessionaire waives all claims against State for any damage to Concessionaire resulting from State's retention or disposition of Concessionaire's personal property. Concessionaire shall be liable to State for State's costs in storing, removing, and disposing of Concessionaire's personal property or trade fixtures.

2) **Failure to Surrender**: If Concessionaire fails to surrender the Premises to State on the expiration, assignment, or within thirty (30) days after earlier termination of the term as required by this Section, Concessionaire shall hold State harmless for all damages resulting from Concessionaire's failure to surrender the Premises.

B. **Holding Over**: After the expiration or earlier termination of the term and if Concessionaire remains in possession of the Premises with State's express consent, such possession by Concessionaire shall be deemed to be a temporary tenancy terminable on thirty (30) days written notice given at any time by either party. During such temporary tenancy, the Minimum Rent shall be increased by
Consumer Price Index adjustments required by this Contract in accordance with Section 4, Rent, unless otherwise agreed to in writing by State. Concessionaire shall pay such rent and all other sums required to be paid hereunder monthly on or before the fifteenth day of each month. All other provisions of this Contract except those pertaining to the term shall apply to the month-to-month tenancy.

46. NO RECORDATION; QUITCLAIM
   A. **No Recordation:** This Contract shall not be recorded.
   B. **Quitclaim:** Concessionaire shall execute and deliver to State on the expiration or termination of this Contract immediately on State’s request, a quitclaim deed to the Premises and the rights arising hereunder, in recordable form or such other document as may be necessary, to remove any claim of interest of Concessionaire in and to all property belonging to the State. Should Concessionaire fail or refuse to deliver to State a quitclaim deed or other documents as aforesaid, a written notice by State reciting the failure of the Concessionaire to execute and deliver said quitclaim deed as herein provided, shall after ten (10) days from the date of recordation of said notice be conclusive evidence against the Concessionaire and all persons claiming under Concessionaire of the termination of this Contract.

47. ATTORNEY FEES
   Concessionaire shall reimburse the State on demand for all reasonable attorney fees (including attorney fees incurred in any bankruptcy or administrative proceeding or in any appeal) and expenses incurred by State as a result of a breach or default under this Contract. If Concessionaire becomes the prevailing party in any legal action brought by State, Concessionaire shall be entitled to recover reasonable attorney fees and expenses incurred by Concessionaire and need not reimburse the State for any attorney fees and expenses incurred by the State.
48. **WAIVER OF CLAIMS**

The Concessionaire hereby waives any claim against the State of California, its officers, agents, or employees for damage or loss caused by any suit or proceeding directly or indirectly attacking the validity of this Contract or any part thereof, or by any judgment or award in any suit or proceeding declaring this Contract null, void, or voidable, or delaying the same or any part thereof from being carried out.

49. **WAIVER OF CONTRACT TERMS**

Unless otherwise provided by this Contract, no waiver by either party at any time of any of the terms, conditions, or covenants of this Contract shall be deemed as a waiver at any time thereafter of the same or of any other term, condition, or covenant herein contained, nor of the strict and prompt performance thereof. No delay, failure, or omission of the State to re-enter the Premises or to exercise any right, power, privilege, or option arising from any breach, nor any subsequent acceptance of rent then or thereafter accrued shall impair any such right, power, privilege, or option or be construed as a waiver of such breach or a relinquishment of any right or acquiescence therein. No notice to the Concessionaire shall be required to restore or revive time as of the essence after the waiver by the State of any breach. No option, right, power, remedy, or privilege of the State shall be construed as being exhausted by the exercise thereof in one or more instances. The rights, powers, options, and remedies given to the State by this Contract shall be deemed cumulative.

50. **INTERPRETATION OF CONTRACT**

This Contract is made under and is subject to the laws of the State of California in all respects as to interpretation, construction, operation, effect, and performance.

51. **DURATION OF PUBLIC FACILITIES**

By entering into this Contract, State makes no stipulation as to the type, size, location, or duration of public facilities to be maintained at this unit, or the continuation
of State ownership thereof, nor does the State guarantee the accuracy of any financial or other factual representation that may be made regarding this concession.

52. **EMINENT DOMAIN**

If, during the term of this Contract, any property described herein or hereinafter added hereto is taken in eminent domain, the entire award shall be paid to State.

53. **TEMPORARY TENANCY**

This tenancy is of a temporary nature and the parties to this Contract agree that no relocation payment or relocation advisory assistance will be sought or provided in any form as a consequence of this tenancy.

54. **SECTION TITLES**

The Section titles in this Contract are inserted only as a matter of convenience and for reference, and in no way define, limit, or describe the scope or intent of this Contract, or in any way affect this Contract.

55. **INDEPENDENT CONTRACTOR**

In the performance of this Contract, Concessionaire and the agents and employees of Concessionaire shall act in an independent capacity and not as officers or employees or agents of the State.

56. **ASSIGNMENTS AND SUBCONCESSIONS**

No transfer, assignment, or corporate sale or merger by the Concessionaire that affects this Contract or any part thereof or interest therein directly or indirectly, voluntarily or involuntarily, shall be made unless such transfer, assignment, or corporate merger or sale is first consented to in writing by State. Before State considers such assignment, evidence must be given to State that the proposed assignee qualifies as a "best responsible bidder" under the terms of Section 5080.05 of the Public Resources Code or "best responsible person or entity submitting a proposal" under the terms of Section 5080.23 of the Public Resources Code and the Bid Prospectus or Request for
Proposals under which this Contract was awarded and executed. To be effective, any such assignment must comply with applicable law including, without limitation on generality, Public Resources Code Sections 5080.20 and 5080.23.

Portions of this concession may be operated by others under a subconcession agreement with prior written consent of State under the following conditions:

A. The subconcessionaire must be qualified.
B. The subconcessionaire’s interest shall be subordinate and in all ways subject to the terms of this contract.
C. Concessionaire’s gross receipts shall include all receipts of the subconcessionaire.

57. MODIFICATION OF CONTRACT

This concession contract contains and embraces the entire agreement between the parties hereto and neither it, nor any part of it, may be changed, altered, modified, limited, or extended orally or by any agreement between the parties unless such agreement be expressed in writing, signed, and acknowledged by the State and the Concessionaire or their successors in interest.

An amendment is required to change the Concessionaire’s name as listed in this Contract upon receipt of legal documentation to support such change.

Notwithstanding any of the provisions of this Contract, the parties may hereafter, by mutual consent expressed in writing, agree to modifications thereof, additions thereto, or terminations thereof, which are not forbidden by law. Such written modifications or additions to this Contract shall not be effective until signed and acknowledged by the State and Concessionaire and approved in writing by the Department of General Services and the Attorney General of the State of California. The State shall have the right to grant reasonable extensions of time to Concessionaire for any purpose or for the performance of any obligation of Concessionaire hereunder.
58. **UNENFORCEABLE PROVISION**
In the event that any provision of this Contract is unenforceable or held to be unenforceable, then the parties agree that all other provisions of this Contract have force and effect and shall not be effected thereby.

59. **APPROVAL OF CONTRACT**
This Contract, amendments, or modifications thereof shall not be effective until approved by Department of General Services and the Attorney General of the State of California.

60. **CONTRACT NOTICE**

For the purposes of this Contract, the District Superintendent is the State representative responsible for the Premises. The District Superintendent is charged with the day-to-day administration of this Contract and is the Concessionaire’s initial contact with the State for information, contract performance, and other issues as might arise. **EXHIBIT B - CONSUMER PRICE INDEX ADJUSTMENT FORMULA**

Consumer Price Index (CPI) adjustments applied to the $$ Minimum Annual Rent shall be based on changes in the United States Department of Labor, Bureau of Labor Statistics Consumer Price Index for “All Urban Consumers, San Francisco All Items, (1982-84=100).” Calculations shall employ the following formula:

"Base Index" = CPI Index published for the month preceding the commencement date of this Contract*. If first year of CPI adjustment is beyond second year of Contract then the “Base Index” shall be the month preceding the commencement date of the Contract Year immediately preceding the year to be adjusted.

"Base Rent" = Minimum $$ rent during the first Contract Year*. If there is a break of more than a year between CPI adjustments, i.e., five years following a CPI adjustment in sixth year (actually 11th contract year), then the “Base Rent” shall be the amount of the last adjusted rent.

"Year End Index" = CPI Index for the month preceding the start of the subject Contract Year.

* On continuous CPI Adjustments beginning with second year “Base Index” will always be CPI Index published for the month preceding the commencement date of Contract and “Base Rent” will always be Minimum $$ rent of the first Contract Year.

"Year End Index" - "Base Index"

**Step #1:** "Base Index" = % Change

**Step #2:** % Change x Base Rent = Adjustment

**Step #3:** Base Rent + Adjustment = New Rent

- Women’s long hair will be worn up or off the shoulder. Short hair should be worn to give the appearance of long hair, i.e., with a bonnet, cap or pinned up.

The Working Female Merchant

In the nineteenth century, women were advised that “the aim of the gentle sex should be simplicity and taste” and “modesty in dress and behavior add more charm to women than the rustle of silk or the glitter of gold.” Unnecessary display of wealth was considered coarse or vulgar. A woman’s stature in the community was more likely to be shown by the quality of the materials and the cut of her clothing. Understated elegance was more preferable than several pieces of jewelry and glaring colors. This was the Victorian era, where legs were “limbs” and ladies did not speak of any ailment that occurred between their necks and their ankles. Low-necked dresses or short sleeves were not worn during the daylight hours. Such styles were strictly for balls or other special occasions, and a woman was not a lady if she displayed herself in such a manner on the public streets. Women always wore their hair up off of their shoulders and they wore a bonnet while out in the sun to protect her neck and face. If she was doing housework, gardening, or some such strenuous activity, it was acceptable for a woman to roll her sleeves up to the elbows, undo the top button at her throat, and wear one less petticoat. An apron was an important part of everyday clothing. The most common was tied around the waist and could be any length from knee to floor. A less common apron, called a pinner, had a bib on the front that was pinned to the upper part of the bodice. Footwear for women was the high-top boot. The boot came to just above the ankle and was either laced or buttoned in front or on the side. Heels were up to one-half inch thick, and often lower. Stockings were of solid colors or striped horizontally. Spectacles for women were the same as for men (see Spectacles on page 58).
The Working Male Merchant

Hats and Caps: If we can assume that a man in business wished to project the image of success, then we can dress him in a way which enables him to stand out among the rustics. The most impressive piece of mid-19th century headgear deemed appropriate for this message was the tall hat or as we know it the top hat. In the early 1850’s it was an impressive 7”-8” tall and most strikingly covered with silk plush, imitating beaver, usually in black. The form was also crafted in felt or straw. The previously described wheel cap and felt hats would have had their place but more likely as casual wear to the informed and fairly fashionable businessman.

Dress Shirt: An 1850’s dress shirt, in many ways, shared its form with its rude brother the work shirt, long in the body, loose fitted, drop shouldered etc. Its distinction came not from its form but its finish, crafted of fine or coarse cotton with fine cotton or linen bosom, collar and cuffs. The shirts’ relative loose fit and style only vaguely relates to its modern fitted counterpart. The typical shirt would have a pleated bosom and detachable collar. The collar would not be as high as the earlier paracide but would still have a wide opening.

Examples of patterns can be found at www.pastpatterns.com
in the front. Collars could be worn up or turned down over the neckwear.

**Neckwear:** Neckwear styles and fabric choices varied but we can narrow the varieties to one, which based on photo-evidence, predominated daywear. The black silk cravat was a triangle of starched fabric that upon being folded could then be tied in numerous fashionable knots. Even working miners are seen in outdoor scenes with cravats tied over their miner’s over shirts.

**Vests:** There were several popular styles in our period and by far the vest was the most expressive part of a man’s costume. In general they were long enough to cover the pants waistband and sometimes employed a hidden tab to button to the pant front. The design of the revers (lapels) varied from long to short, wide to narrow, notched, or shawl. The fronts were generally padded and sometimes darted to achieve the fashionably rounded chest. In some, the padding was removable to facilitate cleaning. Fabric choices could be quite varied with patterned silk brocades, cut velvets in plaids or florals, plain silk satin or velvet and fancy Marseilles cotton predominating.

**Trousers:** The business trouser of the time followed the same form as the miner’s with the exception of fit and fabric. A deviation known as the Cossack had its fullness pleated into the waistband and narrowed to the ankle. The fly-front was well established but the narrow fall-front survived even in fashion plates as late as 1851 (Plate 10) and most certainly beyond. In order to update an 1830’s-40’s small fall, you should narrow the waistband and belt the back. For fabric choices, stripes, checks, solids, mixes and plaids were very popular. Lighter colors and materials like cotton and linen would be worn in the summer.

**Coat:** The Frock Coast was apparently the most popular style although the less fitted sack coat and paletot had gained popularity. For the Frock of the 1850’s, fashion dictated a small waist, short flared skirt and early in the decade, tight form fitting sleeves. Revers and collars were generally wide and the later was sometimes covered in velvet. The ideal masculine form was a rounded chest, small waist and rounded hips, all achieved through careful cutting and padding of the chest and hip areas. Fabrics were generally tightly woven woolens. Dark blue and black were common although brown, claret and various greens (olive and bottle) had their day. Lighter colors and fabrics would appear during the warm seasons.
Underwear: Same as a miner.

Shoes: Brogan or dressier styles in fine leather.

Suspender: Same as a miner although nicer versions were faced with silk.

Spectacles: Unlike we people of the late 20th century, our ancestors of the mid-19th century considered good vision a privilege and not a right. Most people accepted not being able to see distances and used spectacles for reading only. This creates a small dilemma. The period frames illustrated here tend to have very small lenses and a loose fitting nose bridge. These features lend themselves to looking down at a book, but will take some getting used to for the modern myopic. Frame styles of the time were made from blued steel, brass, nickel, silver or gold with small rounded rectangular, octagonal, or oval lenses. The temple pieces (sides) were either a straight wire, sliding sections (telescopic) or turn-pin style with two shorter wires joined with a rivet. These wires terminated on all styles with a small, open or closed, teardrop paddle.

Hair and Beard: After looking at the photographic record one might assume that men styled their faces in as many varied fashions as anything else. Certain styles (such as shorter hair and a clean face or longer hair and a full beard) are routinely seen but no single look predominates. In general, the hair was worn from short (collar length) to long (shoulder length), the middles range being typical. Universally parted on the side and sometimes combed down over the ears and puffs known as “Dog’s Ears”. Beard styles included the Trencher or Dish (a narrow beard running from side burn, under the jaw line and chin). Goatee, Goatee and mustache connected, side whiskers (sideburns) long to the jaw line and under) and side whiskers with small moustache. One particular beard ran under or at the jaw line, never connecting the side burns and about 1/2 way over the chin. Moustaches are only occasionally seen by themselves and the “long” full beard seems to appear later on the old worn down miners.

The Merchant's costuming information is an excerpt from “The Miner and the Merchant” manual and provided with the permission of the author Jim Miller.

EXHIBIT I – SECRETARY OF THE INTERIOR’S STANDARDS FOR THE TREATMENT OF HISTORIC PROPERTIES

CHAPTER I--NATIONAL PARK SERVICE, DEPARTMENT OF THE INTERIOR
PART 68--THE SECRETARY OF THE INTERIOR’S STANDARDS FOR THE TREATMENT OF HISTORIC PROPERTIES

Sec. 68.3 Standards.

One set of standards—preservation, rehabilitation, restoration or reconstruction—will apply to a property undergoing treatment, depending upon the property’s significance, existing physical condition, and the extent of documentation available and interpretive goals, when applicable. The standards will be applied taking into consideration the economic and technical feasibility of each project.

(a) Preservation.

(1) A property will be used as it was historically, or be given a new use that maximizes the retention of distinctive materials, features, spaces and spatial relationships. Where a treatment and use have not been identified, a property will be protected and, if necessary, stabilized until additional work may be undertaken.

(2) The historic character of a property will be retained and preserved. The replacement of intact or repairable historic materials or alteration of features, spaces and spatial relationships that characterize a property will be avoided.

(3) Each property will be recognized as a physical record of its time, place and use. Work needed to stabilize, consolidate and conserve existing historic materials and features will be physically and visually compatible, identifiable upon close inspection and properly documented for future research.

(4) Changes to a property that have acquired historic significance in their own right will be retained and preserved.

(5) Distinctive materials, features, finishes and construction techniques or examples of craftsmanship that characterize a property will be preserved.
(6) The existing condition of historic features will be evaluated to determine the appropriate level of intervention needed. Where the severity of deterioration requires repair or limited replacement of a distinctive feature, the new material will match the old in composition, design, color and texture.

(7) Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.

(8) Archeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.

(b) Rehabilitation.

(1) A property will be used as it was historically or be given a new use that requires minimal change to its distinctive materials, features, spaces and spatial relationships.

(2) The historic character of a property will be retained and preserved. The removal of distinctive materials or alteration of features, spaces and spatial relationships that characterize a property will be avoided.

(3) Each property will be recognized as a physical record of its time, place and use. Changes that create a false sense of historical development, such as adding conjectural features or elements from other historic properties, will not be undertaken.

(4) Changes to a property that have acquired historic significance in their own right will be retained and preserved.

(5) Distinctive materials, features, finishes and construction techniques or examples of craftsmanship that characterize a property will be preserved.

(6) Deteriorated historic features will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture and, where possible, materials. Replacement of missing features will be substantiated by documentary and physical evidence.

(7) Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.
(8) Archeological resources will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.

(9) New additions, exterior alterations or related new construction will not destroy historic materials, features and spatial relationships that characterize the property. The new work will be differentiated from the old and will be compatible with the historic materials, features, size, scale and proportion, and massing to protect the integrity of the property and its environment.

(10) New additions and adjacent or related new construction will be undertaken in such a manner that, if removed in the future, the essential form and integrity of the historic property and its environment would be unimpaired.

(c) Restoration.

(1) A property will be used as it was historically or be given a new use that interprets the property and its restoration period.

(2) Materials and features from the restoration period will be retained and preserved. The removal of materials or alteration of features, spaces and spatial relationships that characterize the period will not be undertaken.

(3) Each property will be recognized as a physical record of its time, place and use. Work needed to stabilize, consolidate and conserve materials and features from the restoration period will be physically and visually compatible, identifiable upon close inspection and properly documented for future research.

(4) Materials, features, spaces and finishes that characterize other historical periods will be documented prior to their alteration or removal.

(5) Distinctive materials, features, finishes and construction techniques or examples of craftsmanship that characterize the restoration period will be preserved.

(6) Deteriorated features from the restoration period will be repaired rather than replaced. Where the severity of deterioration requires replacement of a distinctive feature, the new feature will match the old in design, color, texture and, where possible, materials.

(7) Replacement of missing features from the restoration period will be substantiated by documentary and physical evidence. A false sense of history will not
be created by adding conjectural features, features from other properties, or by combining features that never existed together historically.

(8) Chemical or physical treatments, if appropriate, will be undertaken using the gentlest means possible. Treatments that cause damage to historic materials will not be used.

(9) Archeological resources affected by a project will be protected and preserved in place. If such resources must be disturbed, mitigation measures will be undertaken.

(10) Designs that were never executed historically will not be constructed.

(d) Reconstruction.

(1) Reconstruction will be used to depict vanished or non-surviving portions of a property when documentary and physical evidence is available to permit accurate reconstruction with minimal conjecture and such reconstruction is essential to the public understanding of the property.

(2) Reconstruction of a landscape, building, structure or object in its historic location will be preceded by a thorough archeological investigation to identify and evaluate those features and artifacts that are essential to an accurate reconstruction. If such resources must be disturbed, mitigation measures will be undertaken.

(3) Reconstruction will include measures to preserve any remaining historic materials, features, and spatial relationships.

(4) Reconstruction will be based on the accurate duplication of historic features and elements substantiated by documentary or physical evidence rather than on conjectural designs or the availability of different features from other historic properties. A reconstructed property will re-create the appearance of the non-surviving historic property in materials, design, color and texture.

(5) A reconstruction will be clearly identified as a contemporary recreation.

(6) Designs that were never executed historically will not be constructed.

EXHIBIT L – COLUMBIA SHP SIGN POLICY & REQUEST PROCESS

Part of the mission of California State Parks is to interpret Columbia as a Gold Rush community, representative of the Mother Lode for the period 1850 – 1870. Recognizing that signs are highly visible and necessary to the business community, all signs shall complement or be historically compatible with Columbia’s historic setting. To this end, Columbia’s concession contracts require that business interior and exterior furnishings depict as nearly as possible, the community that existed during the historic period.

The following procedure(s) shall be followed when requesting signs, and/or handbills or posters for special events.

- Any new sign or modification to an existing sign, apart from simple maintenance, must be approved in advance by the Calaveras District Superintendent.

- Paper signs are generally not acceptable on other than a temporary emergency basis. All handwritten, hand-lettered and non-professional signs fall within this category. Signs should reflect a historic and professional quality in content, style, lettering, and color from Columbia’s interpretive period.

- Posters, handbills, and informational fliers are generally not appropriate for exterior or window display. The Park currently provides two bulletin boards (one on Main Street and one adjacent to the Post Office) for this type of material.

The Concessionaires shall provide documentation with each request. Photographic documentation for signs, handbills and fliers may be found in the Columbia State Park Archives, the Tuolumne County Museum and History Center, the California State Library, or State Archives. A request for volunteer research services of Columbia’s Archives may be made by contacting the District Office at least two weeks in advance. Another source for sign formats including lettering and layout is available from the publication “A Guideline For Signs, Old Sacramento Historic District”. This publication is available for $7.00 from Old Sacramento Management, 1111 2nd Street, Suite 300, Sacramento, California 95814, telephone (916) 264-7031, or the book may be borrowed on a short-term basis from the Calaveras District office.

To request a new sign, or to modify an existing one, the following information must be provided to the State Park office.
Information required with a Sign, Poster, Handbill Request:

1. All plans shall be submitted on a sheet of paper at least 8 1/2" X 11", or larger, and indicate the following:
   a. The word “Sign Proposal” written directly at the top
   b. Name and Address of consultant or submitter
   c. Date of Submittal
   d. Type of Sign (entrance, directional, safety, merchandise, address, etc.)
   e. Include the shape, size, design, layout, historic typeface, graphics, color, and construction detail.
   f. Include all colors to be represented on sign including the frame, posts, background lettering and any other graphics proposed.
   g. Retain a space of at least 1" X 3" for an approval block.

4. Attach references/documentation supporting the sign requested (may be a copy of a photograph of the historic building with sign, or a photograph of a historic building with a like business and sign.) Construction and design may be supported by information from "A Guideline for Signs".

5. On the plan (if there is room) or on an attached sheet, indicate why you believe the sign is necessary.

6. Dependent upon request, State approval may take from 10 to 30 days.

7. Do not contract for sign construction until a State Approved request has been received.

*A “sample” sign request is attached.

Subject to the terms and conditions of this Agreement, the California Department of Parks and Recreation ("State Parks") grants permission to use certain trademarks (the "Mark(s)") owned and used by State Parks in accordance with the terms and conditions of this License, identified as follows:

The State Park Logo Registration No. 2437051

State Parks hereby grants to the Licensee the non-exclusive, non-transferable, non-sublicensable right and license to use the Mark pursuant to the terms and conditions of this license from and including [date] through [date], intended to match and run concurrent with Licensee's Concession Contract with State Parks.

This license shall authorize the use of the Mark and associated goodwill, in connection with only the following:

Any additional use shall require written permission and/or the payment of fees. This permission is non-transferable and non-sublicensable. This is not an exclusive privilege to the user, and State Parks reserves the right to make the Mark available to others.

Licensee shall not modify or alter the Mark in any way without prior written approval from State Parks.

All uses of the Mark must be accompanied by the trademark registration symbol (®) unless it is infeasible from a design standpoint.

IN NO EVENT SHALL STATE PARKS BE LIABLE FOR ANY DAMAGES ARISING FROM OR RELATED TO THIS AGREEMENT. STATE PARKS EXPRESSLY DISCLAIMS ANY AND ALL WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THE WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT. PERMISSION TO USE THE MARK IS GRANTED "AS IS."

Licensee agrees to indemnify, protect, hold harmless, and defend State Parks from and against any liability that might arise from any and all use of the Mark by Licensee, its licensees, successors or assigns.

Goodwill and Quality Control
A. Licensee recognizes the great value and goodwill associated with the Mark and acknowledges that such goodwill belongs to State Parks. Licensee further acknowledges that the Mark has acquired a secondary meaning among the public. Licensee agrees not to take any action that could be detrimental to the goodwill associated with the Mark or to State Parks.
B. Before Licensee uses the Mark on any materials, it shall send a copy of each representative item showing the proposed use to, and obtain written approval from, State Parks. State Parks shall not unreasonably withhold or delay such approval.

Third Party Infringement
State Parks, at its sole discretion, shall take whatever action it deems advisable in connection with any unauthorized use of the Mark(s) by a third party. State Parks shall bear the entire cost and expense associated with any such action, and any recovery or compensation that may be awarded or otherwise obtained as a result of any such action shall belong to State Parks.

The provisions above constitute page 1 of 2 of this agreement. Page 2 must be initialed by both parties for this agreement to be valid.

If Licensee acquires any trade rights, trademarks, equities, titles, or other rights in and to the Mark, by operation of law, usage, or otherwise, Licensee shall, upon the expiration of this License, assign and transfer the same to State Parks without any consideration other than the consideration of the License. All rights not specifically transferred by this License are reserved to State Parks.
