

## California State Parks PORTS Distance Learning Program Dialing and Contact Information for 2011/2012 School Year

PORTS has changed the way you will access our programs. All PORTS Distance Learning Parks will be accessed by a single IP address (205.154.84.80), also known as the PORTS Bridge. By calling this IP address you will have access to the conference menu for all the PORTS Distance Learning Parks. You will need to access the “far end” camera control, or enter the room number depending on the machine you are using to gain access to each program.

Each PORTS Distance Learning Park has a specific CalREN number that is applicable to SIP and E164 dialing protocol.

This document provides you with the CalREN number and phone number for each PORTS Distance Learning Park, as well as additional dialing information.
