

Setting Up Your Dependents on ReserveCalifornia.com

Step 1: Login or create your account on <https://reservecalifornia.com/> by selecting the “LOGIN” button on the top menu.

Step 2: Once you are logged in, navigate to “YOUR ACCOUNT” on the top menu. A drop down will display. Select “YOUR DEPENDENTS” as shown below.

Step 3: A page titled “Persons” should appear. There will be a button that says “Add Person”. Click on this button to launch the “Add New Person” page.

Step 4: On the “Add New Person” page. Populate the following fields with information about the dependent you are setting up:

- First Name
- Last Name
- Birthdate *This is necessary for ReserveCalifornia.com to validate that your dependent meets the age requirements for enrollment*
- Relationship- Use drop down to select “Child”

A screenshot of the "Add New Person" form. The form is titled "Add New Person" and has a breadcrumb "Home / Add New Person". Below the title, it says "This page allows you add a new person to your account." The form is divided into two sections. The first section is titled "First, we need some general info about this person." and contains fields for First Name, Last Name, Initial, Birthdate (dd/mm/yyyy), and Gender. The Second section is titled "Relationship information" and contains a field for Relationship To, with "Child" selected. At the bottom of the form, there is a note: "If this person needs to be associated with multiple web accounts, please contact us." and two buttons: "Add Dependent" and "Cancel".

Step 5: Once you are done entering the above information, select “Add Dependent” and you will then be brought to the previous page and your new dependent should be listed. You can continue to add dependents to your account or proceed to enrolling in your dependent(s) in a Junior Lifeguard program.
