2019 MANRESA JG'S (AGES 9-15)

The Junior Lifeguard Program emphasizes: Teamwork, Leadership, and Aquatic Safety while introducing young people to aquatic recreational and professional opportunities. The program is designed to provide quality water safety education while improving young people's physical conditioning, their understanding and respect for the environment, and their respect for themselves, their parents, and their peers. Each four week session runs from 10:00am until 3:00 p.m., Monday through Friday. Our Program instructors are California State Lifeguards, who are trained in advanced first aid and rescue techniques and in most cases were junior guards themselves.
