PURPOSE	

The Sonoma Coast Junior Lifeguard Program emphasizes Aquatic Safety, Teamwork, and Leadership while introducing young people to safe marine and aquatic recreational opportunities. The program is designed to provide quality water safety education while improving participant's physical conditioning, understanding and respect for the surrounding environment. The Junior Lifeguards' team-building philosophy is perfect for learning how to deal with various water safety situations. The objectives of the Program are accomplished through activities such as instruction and training in open water swimming, board paddling, body surfing, body boarding, surfing, windsurfing, kayaking, snorkeling and surf rescue. Understanding of the environment is gained by daily physical contact with beach and park ecosystems as well as lectures and discussions of pertinent marine and aquatic topics. Individual and group achievement is improved by creating a positive and supportive team building atmosphere.

Having fun while learning is primary to meeting the objectives of the Sonoma Coast Junior Lifeguard Program

REFUND POLICY

There is a \$50.00 fee for cancellations made prior to the first day of instruction.

Students may drop from the Program at anytime prior to the completion of the 1st week of instruction and receive a 50% refund of tuition. No refunds after the beginning of the 2nd day. Student injuries that occur during the Program that preclude the student's continuation will be given a pro-rated refund based upon the remaining number of days, including the date of injury.

There is no refund for students suspended or for students, or for students removed from activities for disciplinary reasons. NO EXCEPTIONS.

AGE REQUIREMENTS

The age requirement for Junior Lifeguards is 9 to 15 years of age on the first day of instruction. Although some instruction takes place as one large group the students are divided into three groups for the duration of the program. The groups are primarily based on age; but size, strength, ability, and confidence are also considered. Generally, 14-15 year olds are in the "A" group, 12-13 year olds are "B's", 9-11 year olds are "C's".

Note: A child may be moved into a different group at the Coordinator's discretion.

ENROLLMENT / TRYOUT

Enrollment in the Junior Lifeguard Program and Surf Camp is "first come - first served." Due to the popularity of the programs, enrollment is expected to fill to capacity quickly. Students are considered enrolled with **full payment** of fees. The Junior Lifeguard Program is not a "learn to swim" school. Therefore,

prospective students are screened at a tryout to see if they have the minimum skills needed to safely participate in and benefit from the Junior Lifeguard Program. The instructors approve a child's skill level based upon successful completion of the test as well as the child's swimming competence and confidence. We reserve the right to refuse admittance if it is felt a student will adversely affect the safety and welfare of themselves and or others in the program. All new students entering the program must successfully complete the testing process to be eligible. (NO EXCEPTIONS). Tryouts will be held at **Doran Beach**, May (TBD), specific dates, times, locations, and other information will be posted on our website in early spring. At the tryouts, students should have a FULL WETSUIT and towel and be ready to swim.

The tryout consists of the following:

- 1) **Swim 100 yards continuously** (within the allotted time)
- 2) **Swim 10 yards underwater** (in fewer than 3 attempts)
- 3) **Tread water for 3 minutes**

Time standards for the 100-yard swim are as follows:

- 14-17 year olds must complete the swim in less than 2 min.
- 12-13 year olds must complete the swim in less than 2:30 min.
- 9-11 year olds must complete the swim in less than 3 min.

TRYOUT WAIVER

(FOR RETURNING STUDENTS ONLY)

Returning Junior Lifeguards who were in the program last year may skip the tryout testing; however, parents must sign the TRYOUT WAIVER_on the Junior Lifeguard Application.

INSTRUCTORS

The Junior Lifeguard Program is taught by professional State Park Lifeguards and specially-trained support personnel. The Lifeguards have extensive experience and rigorous training in surf and ocean rescue, beach safety, first aid, and CPR and in most cases have many years of grade school and high school teaching and interpretation experience. We have current Instructors that have matriculated from the Junior Guard Program and become professional supervising lifeguards with the State of California and other County Agencies.

There will be a ratio of 18 participants to 1 Instructor and several volunteer Assistants with the Junior Lifeguards at all times during the program (based on full capacity). To increased beach supervision, we also enlist the help of our Lifeguard Supervisors, extra daily Lifeguards, parents, and guest lecturers present on the beach periodically throughout the program. This level of supervision is below to the statewide standard ratio of 20 students to 1 Instructor. We are aiming for a 10 to 1 ratio for one-week Surf Camps.

The following are the names and titles of the Junior Lifeguard Management Staff:

Tim Harvey: JG Program Coordinator. Timothy.Harvey@parks.ca.gov

Tim Murphy: State Park Peace Officer / Russian River Sector Lifeguard Supervisor

Assistant hours are from 8:00 a.m. to 3:00 p.m., Monday through Friday with the last hour set aside

for learning Lifeguard-specific job skills and training. All program fees are waived accumulate volunteer hours within the State Park System.

Being a Junior Lifeguard Assistant has successfully prepared young people for Seasonal Lifeguard employment and has helped produce some of the finest Lifeguards and JG instructors in the state. Interested youths should call the Junior Lifeguard Office as soon as possible. There will be mandatory Assistant tryouts, training and interviews scheduled sometime before the beginning of the Program.

PROGRAM UPDATES

The Sonoma Coast Junior Lifeguard Program strives to keep parents and participants informed. Therefore, we will do our best to email with news or any changes in programming

DISCIPLINE

For the Sonoma Coast Junior Lifeguard Program to be successful, students must exhibit behavior that does not jeopardize the safety and/or educational opportunities of other participants. A student who is disruptive to group activities and disrespectful to instructors and peers diminishes the enjoyment, safety and education of the other students. The intent of discipline is to gain compliance while instructing the student in acceptable behavior. Therefore, please become familiar with the following expected behaviors:

- Respect of instructors and other staff
- Respect of other students; no shoving, hitting or insulting
- Respect of the facilities, equipment and property of others
- Cooperation with others and good sportsmanship
- Following all safety rules and all instructions
- Listening quietly to directions and announcements
- Participation in regular Program activities

PROGRESSIVE STEPS OF PROGRAM DISCIPLINE are as follows;

1. COUNSELLING: When a discipline incident occurs, the student will be counseled and given a description of the behavior change required.

2. TIME OUT: If subsequent incidents occur the student may be asked to take a "Time Out" or a "Lap". A "Time Out" is a 5 to 10-minute period that the student spends quietly reflecting on the incident. A "LAP" is a supervised swim or run of reasonable distance. The child then rejoins the group.

3. PARENT CONTACT: If a series of discipline situations occur, the child's parent or guardian will be contacted.

4. SUSPENSION: a student who continually disregards instructions will be suspended for 1 day. The parent / guardian will be advised.

5. TERMINATION: If the child's behavior remains unacceptable then the parent or guardian will be informed and the child will be dropped from the Program.

*Note: Major incidents may progress the student directly to step 4 or 5. A Level 4 or 5 discipline response, a rare event, shall involve the Aquatic Supervisor.

Examples of major incidents would include and are not limited to the following:

- Truancy
- Insubordination
- Bullying or Fighting with another student or person
- Unlawful or non-consensual touching of another person
- Stealing the property of another
- Vandalism of equipment or facilities
