

## ENDLESS ADVENTURES AT 19 STATE PARKS

**39 minutes from Fresno**

Millerton Lake State Recreation Area is in the southernmost end of the Mother Lode gold region. Here, where the San Joaquin River flows out from the Sierra Nevada foothills and into the Central Valley, the 319-foot-tall Friant Dam was built across the river canyon in 1944 to form Millerton Lake. ### Day Trip Options

The state recreation area offers eight great hiking trails, ranging from 1 to 8.7 miles and from 606 to 1,853 feet above sea level. The Pincushion Mountain Peak Trail, a moderate difficulty 2.8-mile loop trail, is one of the most popular trails and offers a direct route to the peak of Pincushion Mountain. There are also opportunities for fishing and boating on the lake.

Tips on how to recreate responsibly during your visit are available at [parks.ca.gov/SafetyTips](http://parks.ca.gov/SafetyTips).
