**Hike with Naturalist:
“Butterflies & Dragonflies & Lake Ecosystem”
Trione-Annadel State Park**

SANTA ROSA, CA

Event Date: Sunday, July 21, 2018
Time: 9:00 AM Hike Departure to about 1 PM
Location: Parktrail Drive (residential neighborhood parking off Summerfield Road)
Trails: Canyon – Lake – Spring Creek Trails

It's butterfly and dragonfly season and they are plentiful this year. Is it because of the wet winter providing more food sources? Discover where and what is flying around, and learn more about the lake habitats and connections to nature around water. Follow Volunteer Interpretive Naturalist John Lynch from the Parktrail Drive trailhead up and around Lake Ilanjo (approximately 5 miles round trip). Be ready to depart at 9 AM from the Parktrail Drive Trail Head. The route will include approximately 250 foot elevation gain over about 5 miles of varied trails in a leisurely exploration and a stop for lunch.

Wear hiking shoes, layers appropriate for weather, bring water and lunch. Trekking poles recommended. Some trails are rocky and uneven. There are NO restrooms or water in the parking area. There is a restroom near the lake. Dogs are not allowed.

Directions: From southbound on Summerfield Road from Hoen Avenue, turn left onto Parktrail Drive and park along the neighborhood street. Meet John near the STOP sign at the top end of Parktrail Drive.

Please see the Trione-Annadel State Park website for more details about the park and Volunteer Hike Leader John Lynch (http://www.parks.ca.gov/?page_id=480, click “Park Events”).

Thank you to Trione-Annadel State Park Volunteers for providing this opportunity.
