RATTLESNAKES are common to the area and are important members of the natural community. They will not attack, but if disturbed or cornered, will defend themselves. Give them distance and respect.

BOATERS should be alert for floating debris, particularly in spring, and underwater hazards created as the lake draws down in the summer.

QUIET HOURS are from 10 p.m. to 6 a.m. Generators may be operated from 10 a.m. to 8 p.m. Radios and other sound-producing devices must not be audible beyond your immediate campsite regardless of the time, day or night.

CHECKOUT TIME is noon. If you wish to stay another night, please re-register by 10 a.m.

PETS are not permitted to run loose in a state park; they must be under immediate control of a person and on a leash no more than six feet long. They are allowed only in the campground, picnic area and parking area. At night they must be confined in a tent, camper or enclosed vehicle.

FIREWOOD: Please do not collect dead or down wood, as it is an essential part of the park's natural recycling systems. Also, no ground fires are allowed.
