FOR IMMEDIATE RELEASE

CONSTRUCTION ADVISORY **CALTRANS TO INSTALL RETAINING WALLS** **ALONG STATE ROUTE 4 NEAR BIG TREES STATE PARK**

Calaveras County – The California Department of Transportation (Caltrans) is preparing to begin a project that will install retaining walls along State Route 4 (SR-4) near Calaveras Big Trees State Park.

The project will install retaining walls for sediment control, improve culverts and drainage, and re-construct roadside shoulders along a half-mile segment of SR-4, just west of the entrance to Big Trees State Park.

Work is scheduled to begin during the week of April 16, 2017 and be completed in Fall 2017.

One-way traffic control will be used and motorists should expect 10-20 minute delays. Work is scheduled to be done mostly in the day.

This \$7.3 million project has been awarded to K.W. Emerson, Inc.

Work is scheduled to begin as listed, but is subject to change due to traffic incidents, weather, availability of equipment and/or materials and construction related issues.
