

Julia Pfeiffer Burns State Park - 2019 Special Event Permit Information

The Mission of California State Parks is to provide for the health, inspiration, and education of the people of California by helping to preserve the state's extraordinary biological diversity, protecting its most valued natural and cultural resources, and creating opportunities for high-quality outdoor recreation.

Thank you for your interest in the Special Event Program at *Julia Pfeiffer Burns State Park*. *Julia Pfeiffer Burns State Park* is located along the coast on Highway 1. Although there is no beach or waterfall access at this park, there are spectacular views of the ocean and *McWay Falls*. This park offers two (2) unique event venues which are available for advanced reservation.

All the locations in the park are outdoors and rustic. They are suitable for those wishing to have an event in a natural setting without modern trappings.

We permit small, simple weddings with minimal decorations during day-use hours that may last up to two (2) hours. Large events, evening/night events, or events that will last more than two (2) hours are not permitted at this park.

Because of the rustic nature of these sites, we highly recommend visiting the park and location(s) you are interested in reserving for your event prior to applying for a Special Event Permit.

You can apply for a Special Event Permit up to one (1) year in advance.

This packet contains information on how to obtain a Special Event Permit and the permit requirements. Please review this packet thoroughly.

What Is a Special Event?

“Special Events” include all activities beyond the normal scope of park visitor use which could impact public access or enjoyment, and activities which create a greater potential for hazard and liability to the state than incurred through typical operations. This includes, but is not limited to:

- Wedding.
- Elopements.
- Receptions. (Not available at Julia Pfeiffer Burns State Park)
- Events that have vendors (e.g. – photographers, officiate, etc) providing services, events conducting business (for profit and non-profit) on park property, etc.
- Events conducting business (for profit and non-profit) on park property.
- Events that require liability insurance.

A Special Event Permit is required when any company, association, organization, or group of persons wish to hold, conduct or participate in any celebration, wedding, religious service, picnic, exercise, or event in a state park unit a permit is required. The Special Event Permit must be in accordance with State Park rules and regulations. (California Code of Regulations, Title 14, Section 4301(j)).

What is the Special Event Coordinator?

While park’s management staff permits Special Events to take place in the park, they must take into account the impact these events can have at the parks in the Big Sur Sector. The purpose of the Special Event Coordinator’s office is to ascertain if an event can occur in the park with minimal impact on the park, environment, public access and enjoyment, and that the event follows the mission of California State Parks.

The *Special Event Coordinator* will lead the applicant through the permit process. They will provide the applicant information regarding what is permitted at events at the park and what is required to obtain a permit for their event. They will also process your application and submit your permit for final approval from the sector’s management staff once all requirements are met.

The *Special Event Coordinator* does not plan events, scout locations, nor provide guided tours of event locations; however, conducting a self-guided tour of the park’s facilities is very easy. Day-use fees are paid upon entry to the park. You can purchase a park map at the park’s entrance kiosk. All proceeds from park map sales go towards our park’s interpretive programs, such as the Junior Ranger and Cubs programs. Please do not disrupt any park events or guests of the park by entering any locations/sites that are occupied or where an event/program is currently taking place. Do not enter any closed or roped off areas.
