Sunday, April 7, 2013

Events

- 9 – 12 **Native American Basket and Pottery Display and Demonstrations.** (Craft items for sale)
- 9:30 -12 **Tours of the Archaeology Lab.**
Groups depart Visitor Center front door approximately every half hour
- 10 - 12 **Pottery Making Demonstration** - Includes clay grinding and paddle & anvil construction techniques.
By: Archaeology Volunteer Carol Black. (Clay will be available for spectator participation)

Lectures

- 10-11 **Twenty Years of Community Stewardship: The Imperial Valley Desert Museum.**
Jessica Brody, Assistant Director, Imperial Valley Desert Museum, Ocotillo, California.
- 11-12 **From a Ranger's Point of View: Working Together Towards Stewardship of ABDSP Cultural Resources.** Ranger Steve Bier, Colorado Desert District.

Field Trips

- 1- 5:00 **Hike to the Carrizo Stage Station:** Join State Park Archaeologist, Sue Wade, for an adventurous hike to the site of the historic Carrizo Stage Station, an Isolated Frontier Outpost in the Colorado Desert. Carrizo functioned as a military supply depot and water stop during the mass emigrations and military expeditions of the late 1840s, was the site of the first reliable water stop west of the Colorado River for the First Transcontinental Mail Link (the San Antonio & San Diego Mail) and the Butterfield Mail, and was a supply stop for the California Column during the Civil War, and continued as a way stop for cattle drives into the late nineteenth century. The site was investigated by California State Parks archaeologists in 2000 and is the subject of the newly published California State Parks Publications in Cultural Heritage, Volume 29. The hikers will be the first visitor group to see the newly placed replication of the stage station adobe walls on the exact footprint of the original station as revealed during the 2000 excavations. (2.5 hour interpretive field program)

For both of these field trips, you can car pool from the back parking lot of the Visitor Center at 1:00 PM or you may meet at the equestrian parking area on Hwy S-2 near mile marker #34 at 2:00 PM.

- 1- 4:00 **Hike to the Bailey Cabin in the Hawi-Vallecito Cultural Preserve:** Take a guided stroll back to the romantic, but rugged, era of Borrego beginnings. Take away the cows and the cowboys and you have the Vallecito Ranch, as it remains today. This trip will put you in touch with its past. It is a little visited, beautiful piece of recently acquired park land with a long history of human habitation. Your destination is the Olin Bailey Cabin for a close up view of unique puddle adobe construction. Mr. Bailey used several different techniques and local materials in erecting his sturdy desert home. The three mile round trip takes you through the north eastern portion of the Hawi Vallecito Cultural Preserve. Along the way you will pass what was once a productive melon field, some cow bird traps, beautiful old mesquite groves, and a lonely standing corral; complete with an intact loading chute. Enjoy the sights, sounds, smells, and stories of this place with a magical past with your host and guide CDAS volunteer, Alan Schmidt. (2 hour interpretive field program)

Pre-registration and \$5.00 fee required for both the Carrizo Stage Station & Bailey Cabin field trips. For detailed information and reservations call ABF at 760/767-4063. During Archaeology Weekend: Check for last-minute field trip openings at the ABF table in front of the Visitor's Center. Wear hiking shoes and bring hat and water.
