Electronic Bicycle Use
August 24, 2021
Inland Empire District
DISTRICT SUPERINTENDENTS ORDER NO. 950-21-003

Whereas: California Code of Regulations (CCR) tit. 14, § 4360 states, “Unless designated by the Department, all trails are open to pedestrians and closed to all other uses.” This regulation prevents bicycles, to include e-bikes, on trails unless otherwise designated by the Department through a superintendent’s order.

Whereas: Revisions to the California Vehicle Code (CVC) have removed e-bikes from the definitions of “motorized bicycle” and “motorized vehicle.” Section 312.5(a) of the CVC redefines e-bikes into three classes depending on the bicycle’s level of assistance and speed:

(1) A “class 1 electric bicycle,” or “low-speed pedal-assisted electric bicycle,” is a bicycle equipped with a motor that provides assistance only when the rider is pedaling, and that ceases to provide assistance when the bicycle reaches the speed of 20 miles per hour.
(2) A “class 2 electric bicycle,” or “low-speed throttle-assisted electric bicycle,” is a bicycle equipped with a motor that may be used exclusively to propel the bicycle, and that ceases to provide assistance when the bicycle reaches the speed of 20 miles per hour.
(3) A “class 3 electric bicycle,” or a “speed pedal-assisted electric bicycle,” is a bicycle equipped with a speedometer and a motor that provides assistance only when the rider is pedaling, and that ceases to provide assistance when the bicycle reaches the speed of 28 miles per hour.

Whereas: Except as otherwise permitted, e-bike use on trails and non-public access (controlled access) roads shall only be allowed in the following unit classifications:

- State Recreation Area (SRA) Class 1 e-bikes only
- State Vehicle Recreation Area (SVRA)
Therefore:

1. Class 1, 2, and 3 e-bikes are allowed on public roadways within all Inland Empire District park units per applicable California Vehicle Code sections. Public roadways are roads currently open to public vehicle use.

2. Inland Empire District has three State Recreation Areas (SRA) within the jurisdiction of the Department. Class 1 e-bike use is permitted in the below listed SRAs on trails and non-public access roads already designated for traditional (non-electric) bicycles.
   a) Lake Perris State Recreation Area
   b) Silverwood Lake State Recreation Area
   c) Providence Mountain State Recreation Area

3. Regardless of park unit classification, e-bikes are permitted to use paved (asphalt or concrete) trails used for the purpose of local or regional commuting where such use would be consistent with adjacent agency or organization’s trail use.

4. Chino Hills State Park and Mount San Jacinto State Park– All trails closed to e-bikes, personal electric transporters and other motorized transportation devices.

5. Requests by individuals for e-bike use for the purpose of providing access to people with disabilities shall follow Departmental Notice 2015-04 Other Power Driven Mobility Devices.

6. The District Superintendent, or designee, may grant exemptions to this order as determined necessary for the proper administration of the park, and to protect the safety and welfare of its visitors, employees, wildlife and resources. All exemptions, except for emergency personnel, must be obtained in writing. Requests for exemptions may be made by contacting the District Superintendent, Inland Empire District, 17801 Lake Perris Drive, Perris, California, 92571.

7. Nothing herein shall affect any existing private contract or property rights.

8. Nothing herein shall be construed in derogation of other provisions of law.

Whereas: The dramatic growth and popularity of Unmanned Aircraft Systems (UAS) within the Inland Empire District has numerous negative impacts to the special resources, park operation, and the unique visitor experiences afforded by the District. UAS are an emergent technology generally inconsistent with the park experience. UAS can have negative impacts on the regional wildlife found within the Inland Empire District. UAS can be noisy and intrusive to natural soundscapes and vistas and present a fire hazard. Further, UAS can interfere with emergency rescue operations.

Therefore:

1. To protect wildlife and cultural resources, and for the safety and welfare of visitors and staff, the Park units in the Inland Empire District are closed to the use of Model Aircraft, Unmanned Aircraft Systems (UAS), and Gliders in flight.

2. An exception to this order is the operation of unpowered remote controlled gliders and sailplanes containing no thrust producing mechanisms, providing forward thrust aiding in flight of the aircraft, flown over, to the south and along the west ridge of Glider Point located at Chino Hills State Park. Gliders and sailplanes flown, shall not be equipped with any camera or other still image, video, or sound recording devices. Gliders and sailplane operators shall fully comply will all applicable FAA regulations with regard to model aircraft operation.

3. The District Superintendent, or designee, may grant exemptions to this order as determined necessary for the proper administration of the park, and to protect the safety and welfare of its visitors, employees, wildlife and resources. All Exemptions, except for emergency personnel, must be obtained in writing. Requests for exemptions may be made by contacting the District Superintendent, Inland Empire District, 17801 Lake Perris Dr., Perris, California 92571.

4. Nothing herein shall affect any existing private contract or property rights.

5. Nothing herein shall be construed in derogation of other provisions of law.
