

What is Junior Rangers?

“Junior Rangers” gather at more than 70 state parks from the redwood region, to the high sierra, to the sunny Southern California beaches. Children ages 7 to 12 are invited to take part in this exciting program, designed to help them discover the rich natural and cultural heritage preserved in parks.

Junior Rangers at Silver Strand State Beach

At Silver Strand State Beach, the Junior Ranger program takes place most Saturdays from 3:30pm to 4:30pm.

Kids can earn the California State Parks Junior Ranger badge, and other awards as they progress through the program.

Activities take place outside, so please dress for the weather. If you have concerns about the sun, please remember your sunscreen, hat, and any other sun protection you require. Feel free to bring a bottle of water to drink during the activity.

California State Parks Mission

The mission of California State Parks is to provide for the health, inspiration and education of the people of California by helping to preserve the state’s extraordinary biological diversity, protecting its most valued natural and cultural resources, and creating opportunities for high-quality outdoor recreation.
