CALIFORNIA STATE PARKS

CANCELLED *

*Please note that this public meeting on Wednesday, November 9, 2005 has been canceled. We would appreciate your help in passing this along to anyone you know, who planned to attend the meeting.

In conjunction with the Environmental Impact Review process, California State Parks (CSP) met with individual stakeholder groups who represented the Native American, Equestrian, and Scientific communities. During this collaborative effort, CSP received comments from stakeholders indicating that the concepts presented were unacceptable. As a result, CSP is broadening the project scope; working to formulate new concepts that will better meet the resource stewardship and recreational goals CSP strives to achieve – benefiting the people of California.
