

California State Parks

The California State Park System is happy to make the use of this facility available for your wedding. Our primary objective at this unit is the interpretation to the public of a lifestyle and time period that may be incompatible with your event. We must ensure the integrity of this valuable resource so that all who visit in years to come will enjoy the history that it represents. To limit any expense to the public for your personal use of the grounds, the Department includes all costs associated with your event as part of the permitting process.

The Front Courtyard

The vast gardens allow you to choreograph your own special day. Many weddings begin with a greeting area overlooking the Malibu Lagoon moving to the Front Courtyard for the cocktail hour. These walls embrace the colorful gardens, which provide you with a sheltered view of the ocean.

Star Fountain Lawn

This beautiful garden setting with the brilliant Malibu Tile fountains offer a grand location for ceremonies and receptions. Electrical outlets lay beneath each palm tree and corner garden so your rental company can easily light this area for your evening event. This lawn area can hold 170 seated guests when you place your band or DJ in the upper BBQ patio. Additional tables can be placed on the lower lawn, which truly gives an ocean front view. This lower lawn area also makes for a perfect location to place your buffet tables.

Provided on the Grounds

Included in the price, are five acres of historic gardens, patios, and lawns, all with an ocean front view; restrooms for your guests, a dressing room and two uniformed “Special Event Monitors.”

Sycamore Lawn

Beyond the fragrant rose garden you will find the Sycamore lawn. Allow the majestic sycamore tree to shade your guests during your ceremony or while you're serving cocktails and hors d'oeuvres. This rectangular lawn area comfortably seats 200 for dinner and dancing. The stone bench provides a perfect backdrop for your band or DJ.

A dressing room is located in the pool house. The pool area is closed to all guests. To protect the historical tile, the Peacock fountain patio is also closed for food and drinks.
