New Day-Use Fee at Lower Lake Clementine, Auburn State Recreation Area Beginning July 1

AUBURN - Beginning July 1, a day use parking fee will be charged at Lower Lake Clementine in Auburn State Recreation Area.

"Presently a day use fee of \$5 is charged at the Upper Lake Clementine Day Use Facility. Additionally, a \$5 boat launching fee is charged at Lower Lake Clementine. The new \$5 day use fee at Lower Lake Clementine will keep the two units consistent with regard to the day use charges." Said Jay Galloway Auburn State Park Superintendent.

All fees collected at Auburn State Recreation Area are retained and used at the park to off-set operating costs or fund improvements. Improvements to the launch ramp docks will be made this fall that will permit the docks to be used even during high water flows through the lake.

For those members of the public that have already purchased Poppy Passes in anticipation for the fees going into effect at Lake Clementine on May 1, State Parks will honor the passes at Lake Clementine for the regular full year life of the pass beginning on July 1.
