Special Attention: Sacramento-Area Traffic Reporters

RANCHO CORDOVA – The 38th Annual Hangtown Motocross Classic is coming to Prairie City State Vehicular Recreation Area this weekend, May 18th through 21st. This is the opening round of the 2006 AMA Motocross Championship Series. It is the largest outdoor motocross race in the nation.

Due to heavy traffic on White Rock Road associated with the event, we recommend that commute traffic use alternate routes starting on Thursday morning.

On Sunday, May 21st, White Rock Road will be closed to through traffic during the entire day. That closure will be from the intersection of White Rock Road and Grant Line Road to the intersection of White Rock Road and the eastern portion of Scott Road. Additionally, Prairie City Road between White Rock and US 50 will be open for event traffic only. Please use alternate routes.

For further information on the event, or for directions to the event, please contact the Dirt Diggers North Motorcycle Club at 1(800)HANGTOWN, or on the web at WWW.HANGTOWNMX.COM. You can also check with the park office at Prairie City SVRA by calling (916) 985-7378.
