Grover Hot Springs State Park Pool and Hot Springs Reopening December 1

MARKLEEVILLE - The Grover Hot Springs State Park pool and hot spring will reopen on December 1. The pool was closed for September and November to replace the deck. Winter operational hours are from 11 a.m. to 7 p.m.

The deck replacement included infrastructure improvements as well and is part of the California State Parks' Deferred Maintenance Program.

The park, located three miles west of beautiful Markleeville California on Hot Springs road, is an extremely popular destination for visitors to Alpine County.

For more information, call the park at (530) 694-2248.
