Troop 80 Trail at Mt. Tamalpais State Park Reopens

MILL VALLEY – After months of closure, Mount Tamalpais State Park’s Troop 80 Trail is repaired and is now open for public use. The Troop 80 trail was closed due to a slide that took out a significant section of the trail, making hiker passage unsafe. Crews provided in partnership with California State Parks, the Ernest E. Emig Trust and Tamalpais Conservation Club (TCC) created a re-route around the slide area (photo below). Materials for the Troop 80 repairs and trail crew supervision were funded by the Ernest E. Emig Trust and the TCC.
