## Millerton Point in Tomales Bay State Park Closing During Restoration Project

SACRAMENTO, Calif. – Millerton Point at Tomales Bay State Park will be closing Nov. 1-18, 2015 for a restoration project to improve native habitat. All other areas of the state park will remain open during the project.

The restoration project includes removal of invasive plants and revegetation with native plants collected on-site.

For information on the state park, please visit California State Park's [website](#).

### **About California's Drought**

Every Californian should take steps to conserve water at home, at work and even when recreating outdoors. Find out how at [SaveOurWater.com](http://SaveOurWater.com) or [Drought.CA.Gov](http://Drought.CA.Gov).

### **California State Parks Mission**

To provide for the health, inspiration and education of the people of California by helping to preserve the state's extraordinary biological diversity, protecting its most valued natural and cultural resources, and creating opportunities for high quality outdoor recreation.
