

PARK INDEX

Elephant seals at Año Nuevo State Reserve. ©California State Parks, 1966.

The Park Index lists park units alphabetically, and includes the district name and unit number. Cross-references refer the user from common, subordinate, or variant names to the official park name. Asterisks denote parks whose photographic prints have been scanned and entered in the Photographic Archives Image Database. Photographic materials held for each park unit are listed by type and location within the Archives.
