Subject: Consistency Determination for the Redwood Facility Relocation Project (CESA No. 2080-2006-014-01)

On June 19, 2006, the Department of Fish and Game ("DFG") received your request for a consistency determination pursuant to Fish and Game Code section 2080.1 for the above-referenced project. You requested that DFG determine whether the National Marine Fisheries Service's ("NMFS") biological opinion for the project (No.151422SWR2003AR8948:BAD), dated October 27, 2005, is consistent with the California Endangered Species Act ("CESA") as it pertains to Southern Oregon/Northern California Coast coho salmon (*Oncorhynchus kisutch*). DFG has determined that the biological opinion is consistent with CESA. A copy of the determination is enclosed for your records.

DFG requests that DPR e-mail a copy of the post-project report described in the incidental take statement in the biological opinion to Environmental Scientist Gayle Garman. Dr. Garman's e-mail address is: ggarman@dfg.ca.gov.

If you have any questions regarding this determination, please contact Dr. Garman by e-mail or telephone at (707) 445-6512.
