The California Department of Parks and Recreation will consider this Project at a meeting in the future. The exact meeting date and time is currently unknown. If you wish to receive notification of when this meeting may occur, please provide written notice to State Parks. Written comments on this Negative Declaration will be accepted until no later than **March 13, 2015**.

Project Description: The Department of Parks and Recreation proposes to protect sensitive resources by implementing targeted bank stabilization measures. The project would stabilize critical, limited sections of the channel bank that are rapidly eroding along four discrete areas of the channel banks totaling approximately 57,120 square feet. The channel banks would be stabilized through treatment consisting of laying back channel bank slopes, installing turf reinforced mats with soil backfill, re-vegetating native tree and grass species, and installing temporary erosion control blankets.

We welcome your comments during the 30-day public review period. You may submit your comments in hard copy to the address below. The Department also accepts comments via e-mail or facsimile but requests that you follow these instructions to ensure that the Department has received your comments. To submit your comments by e-mail, please send a complete document including all attachments to: CEQANSC@parks.ca.gov

An e-mailed document should contain the name of the person or entity submitting the comments and contact information such as phone number, mailing address and/or e-mail address; include any and all attachments referenced in the e-mail. To ensure a complete and accurate record, we request that you also provide a follow-up hard copy to the name and address listed below. If you do not wish to send a follow-up hard copy, then please send a second e-mail requesting confirmation of receipt of comments with enough information to confirm that we received the entire document. If you do not receive e-mail confirmation of receipt of comments, then please submit a hard copy of your comments to ensure inclusion in the environmental record or contact the Department to ensure the Department has received your comments.

Facsimile (fax) copies will be accepted with a cover page describing the extent (e.g. number of pages) being transmitted. A faxed document must contain a signature and all attachments referenced therein. Fax your document to the contact noted below at (916) 445-8883. To ensure a complete and accurate record, we request that you also provide a follow-up hard copy to the name and address listed below. If you do not wish to send a follow-up hard copy, then please contact the Department to confirm that we received the entire document.
