 Archeological/Historical  Geologic/Seismic  Sewer Capacity  Wetland/Riparian  
 Biological Resources  Minerals  Soil Erosion/Compaction/Grading  Wildlife  
 Coastal Zone  Noise  Solid Waste  Growth Inducing  
 Drainage/Absorption  Population/Housing Balance  Toxic/Hazardous  Land Use  
 Economic/Jobs  Public Services/Facilities  Traffic/Circulation  Cumulative Effects  
 Other Coastal Redwoods

## Present Land Use/Zoning/General Plan Designation:

State Park / Open Space

## Project Description: (please use a separate page if necessary)

The Project consists of construction activities required to improve the existing water system. The California Department of Parks and Recreation proposes to replace the existing 4" waterline with an 8" (required by the State Fire Marshall for fire suppression) C900 line from the front of the park near the kiosk to the existing 50,000 gallon water tank near the administration building at the back of the park, approximately 3/4 of a mile away. Work would use Horizontal Directional Drilling (HDD) as the primary waterline installation method and would use open trenching at connection points or short distances where HDD would not be practical or cost effective. The Draft EIR will evaluate potential environmental impacts from anticipated project activities in the park.

Note: The state Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.

## Reviewing Agencies Checklist

Lead Agencies may recommend State Clearinghouse distribution by marking agencies below with an "X".  
If you have already sent your document to the agency please denote that with an "S".
