RE: Columbia ADA Project

Dear Dan:

Thank you for requesting my comments on the above cited project. As noted in your letter, this consultation has been on-going resulting in a plan which addresses the mandated need to provide access to the historical resources while protecting the qualities that make these resources historic. I appreciate receiving a copy of the final design plans that have incorporated my previous comments.

Pursuant to Public Resource Code section 5024.5 you have requested my concurrence that implementation of the project pursuant to the plans for access as presented will not adversely affect Columbia State Historic Park, a National Historic Landmark. I concur with this determination.

It is my understanding that the project will be constructed by park staff. If for any reason, the project can not be constructed as currently presented, please re-initiate consultation. If reconsideration of the design becomes necessary, please contact Dwight Dutschke of my staff or myself at 916-653-6624. Once again, thank you for requesting my comments.

Sincerely,

A handwritten signature in blue ink, appearing to read "Milford Wayne Donaldson".

Milford Wayne Donaldson, FAIA  
State Historic Preservation Officer
