Background
The National Park Service (NPS) Land and Water Conservation Fund (LWCF) Competitive Program provides matching grants to States and local governments for the ACQUISITION OR DEVELOPMENT of public outdoor RECREATION FEATURES and areas. Funds allocated to California are administered by the Department of Parks and Recreation’s (DPR) Office of Grants and Local Services (OGALS), under the provisions of the California Outdoor Recreation Resources Plan of 1967 (Public Resources Code §5099 et.seq.).

Established under the LWCF Act of 1965, once a LWCF PROJECT is completed, the property is placed under federal protection to preserve outdoor recreational use in PERPETUITY. This legacy protects thousands of parks throughout California for the benefit of future generations. (LWCF Federal Financial Assistance Manual, 2008 (MANUAL))

Find PROJECT OFFICERS by City/County, under “Contact Us” at www.parks.ca.gov/grants

Grant Process
1. APPLICANTS receive a letter from OGALS indicating an APPLICATION has been recommended to the NPS for funding.

2. If applicable, APPLICANTS resolve any remaining incomplete APPLICATION items, such as NEPA, appraisals, Section 106, etc.

3. If approved, APPLICANTS receive a letter from OGALS indicating that the NPS has selected the APPLICATION for funding. This establishes the date of federal approval, and begins the starting point for incurring ELIGIBLE COSTS.

4. APPLICANTS attend a mandatory GRANT administration workshop.

5. OGALS sends a GRANT CONTRACT to the APPLICANT
   a. The APPLICANT returns the CONTRACT signed by the AUTHORIZED REPRESENTATIVE to OGALS within 60 days of receipt. A sample contract is on page 27.
   b. OGALS returns a copy of the ENCUMBERED CONTRACT, at which point the APPLICANT becomes a GRANTEE.

6. GRANTEE completes the PROJECT as represented in the GRANT SCOPE during the three-year GRANT PERFORMANCE PERIOD.

7. GRANTEE submits GRANT Progress Status Reports every six months.

8. GRANTEE requests payments that are reimbursed based on the RATE OF REIMBURSEMENT noted on the first page of the CONTRACT. See Payment Section beginning on page 17 for instructions.

9. GRANTEE submits PROJECT COMPLETION PACKET and final payment request.

10. OGALS conducts Final Site Inspection prior to final REIMBURSEMENT.

11. GRANTEE acts in accordance with Post Completion STEWARDSHIP requirements and future Compliance Inspections.

3. GRANTEE must acquire Title Insurance.
4. ACQUISITION must result in a new outdoor RECREATIONAL OPPORTUNITY for the public within three years after completion of the ACQUISITION, as detailed in "Public Use Plan" submitted with the APPLICATION. This may be accomplished by DEVELOPMENT, or without DEVELOPMENT if the acquired property already has useable recreational features, such as trails or fire roads.

Eligible Acquisition Costs

Deed Restriction Instructions
1. Before filing the Deed Restriction, the GRANTEE must own the PROJECT land, and have an ENUMBERED CONTRACT for the GRANT amount.

Clerk to record the Deed Restriction with Notary Acknowledgement, Exhibit A, and Exhibit B, on the title to the property.

Grant Payments

Payments may be requested from OGALS once a PROJECT is approved and the CONTRACT is encumbered.

Payments are mailed to the GRANTEE approximately six to eight weeks from the date the request is approved by OGALS.

Match

Section 6(f) of the LWCF Act prohibits the use of other federal financial assistance to pay the state or local matching share of a LWCF grant. However, in those instances where the statutory provisions of a subsequent federal grant-in-aid program explicitly allow recipients to use such assistance to MATCH LWCF funds, as in Community Development Block Grants (CDBG) and through Fixing America’s Surface Transportation (FAST) Act Recreation Trail Program funds, those funds may be used as MATCH. (MANUAL, Ch. 5, A.5.)

In-kind funds and/or donations used as MATCH cannot have restrictions that might limit the intended public recreation use. Information on how to value and account for such MATCH, is found in the MANUAL, Ch. 5, B.1. and 2.(a-h).

Approved Pre-Award Project Planning Costs

GRANTEE may seek REIMBURSEMENT for approved PRE-AWARD PROJECT PLANNING COSTS, if a PRE-AWARD PROJECT PLANNING COSTS Form was submitted with the APPLICATION. (MANUAL, Ch. 5, A.3.b.)

Approved Waiver of Retroactivity Costs

GRANTEE may seek REIMBURSEMENT for ACQUISITION or DEVELOPMENT costs if NPS approved a request for a WAIVER OF RETROACTIVITY during the APPLICATION phase. (MANUAL, Ch. 5, A.3.a.(1) and (2))
Accounting Rules for In-House Employee Services
GRANTEES must follow these accounting practices for services performed by its employees to be eligible for reimbursement:

- Maintain time and attendance records as charges are incurred, identifying the employee through a name or other tracking system, and that employee’s actual time spent on the PROJECT.
- Time estimates/percentages, for work performed on the PROJECT are not acceptable.
- Time sheets that do not identify the specific employee’s time spent on the PROJECT are not acceptable.
- Costs of the salaries and wages must be calculated according to the GRANTEE’S wage and salary scales, and may include benefit costs such as vacation, health insurance, pension contributions and workers’ compensation.
- Overtime costs may be allowed under the GRANTEE’S established policy, provided that all of the regular work time was devoted to the same PROJECT.
- May not include overhead or cost allocation. These costs are generally associated with supporting an employee, such as rent, personnel support, IT, utilities, etc.

Reimbursement Requirements
1. The GRANTEE must submit a Grant Expenditure Form of ELIGIBLE COSTS to cover both the LWCF GRANT amount and MATCH in order to receive payment at the RATE OF REIMBURSEMENT in the CONTRACT.

For more information, see LWCF Park Stewardship: A Guide to Permanent Operation and Maintenance at: parks.ca.gov/grants_lwcf

LWCF STEWARDSHIP is firm. PROJECTS acquired or developed with the assistance of a LWCF GRANT can only be used for public outdoor recreation. All proposed changes within the 6(f)(3) BOUNDARY MAP OF RECORD are subject to NPS approval and must be reported to OGALS. (See CONTRACT Part II Continuing Assurances B.) (MANUAL, Ch. 8, A. – D.)

Items not allowed to be constructed within a PROJECT’S 6(f)(3) BOUNDARY MAP OF RECORD:

Any CONVERSION in land use takes planning and can be uniquely complex. Comprehensive review and evaluation of key issues impacting recreation access and use, can take more than a year for approval. (MANUAL, Ch. 8, E. – L. set forth in Title 36 Part 59, Code of Federal Regulations)

Public Use Plan Compliance

Within three years of ACQUISITION, a NEW OUTDOOR RECREATIONAL OPPORTUNITY must be FULLY USABLE to the public. OGALS monitors the completion of this requirement. GRANTEE must submit a letter signed by the AUTHORIZED REPRESENTATIVE along with dated photographs to demonstrate the PROJECT’S Public Use Plan requirement has been met. (MANUAL, Ch. 3, B.7.a. and b.(6))

OGALS Compliance Inspections

OGALS conducts periodic compliance inspections to ensure that PROJECTS protected within the 6(f)(3) BOUNDARY MAP OF RECORD are in accordance with LWCF STEWARDSHIP requirements. Compliance inspections confirm the LWCF sign is posted and that PROJECTS are open and accessible and being operated and maintained for public outdoor recreation use. (MANUAL, Ch. 8, M.)

Website: http://www.sco.ca.gov/aud_single_audits.html

Audit Exceptions
An audit exception is a determination that an item questioned by the auditor is not properly chargeable to the GRANT CONTRACT and should be disallowed. NPS determines the allowance or disallowance of items questioned by the auditor. NPS will advise OGALS, who in turn will inform the GRANTEE of the audit findings, along with recommendations and suggestions for overcoming the deficiencies disclosed by the audit, including the disallowance of any costs. For more information, contact the DPR Single Audit Act Officer at: (916) 657-0370. (MANUAL, Ch. 7, F.)

DATE
Part I - Definitions

A. The term “NPS” or “Service” as used herein means the National Park Service, United States Department of the Interior.

B. The term “Director” as used herein means the Director of the National Park Service, or any representative lawfully delegated the authority to act for such Director.

C. The term “Manual” as used herein means the Land and Water Conservation Fund State Assistance Program Manual.

D. The term “project” as used herein means a Land and Water Conservation Fund grant which is subject to the project agreement and/or its subsequent amendments.

E. The term “State” as used herein means the State or Territory which is a party to the project agreement, and, where applicable, the political subdivision or public agency to which funds are to be transferred pursuant to this agreement. Wherever a term, condition, obligation, or requirement refers to the State, such term, condition, obligation, or requirement shall also apply to the recipient political subdivision or public agency, except where it is clear from the nature of the term, condition, obligation, or requirement that it is to apply solely to the State. For purposes of these provisions, the terms “State,” “grantee,” and “recipient” are deemed synonymous.

F. The term “Secretary” as used herein means the Secretary of the Interior, or any representative lawfully delegated the authority to act for such Secretary.

Part II - Continuing Assurances

The parties to the project agreement specifically recognize that the Land and Water Conservation Fund project creates an obligation to maintain the property described in the project agreement and supporting application documentation consistent with the Land and Water Conservation Fund Act and the following requirements.

Further, it is the acknowledged intent of the parties hereto that recipients of assistance will use monies granted hereunder for the purposes of this program, and that assistance granted from the Fund will result in a net increase, commensurate at least with the Federal cost-share, in a participant’s outdoor recreation.

It is intended by both parties hereto that assistance from the Fund will be added to, rather than replace or be substituted for, State and local outdoor recreation funds.

A. The State agrees, as recipient of this assistance, that it will meet the following specific requirements and that it will further impose these requirements, and the terms of the project agreement, upon any political subdivision or public agency to which funds are transferred pursuant to the project agreement. The State also agrees that it shall be responsible for compliance with the terms of the project agreement by such a political subdivision or public agency and that failure by such political subdivision or public agency to so comply shall be deemed a failure by the State to comply with the terms of this agreement.

B. The State agrees that the property described in the project agreement and the signed and dated project boundary map made part of that agreement is being acquired or developed with Land and Water Conservation Fund assistance, or is integral to such acquisition or development, and that, without the approval of the Secretary, it shall not be converted to other
than public outdoor recreation use but shall be maintained in public outdoor recreation in perpetuity or for the term of the lease in the case of leased property. The Secretary shall approve such conversion only if it is found to be in accord with the then existing comprehensive statewide outdoor recreation plan and only upon such conditions deemed necessary to assure the substitution of other recreation properties of at least equal fair market value and of reasonably equivalent usefulness and location pursuant to Title 36 Part 59.3 of the Code of Federal Regulations. This replacement land becomes subject to Section 6(f)(3) protection. The approval of a conversion shall be at the sole discretion of the Secretary, or his designee.

Prior to the completion of this project, the State and the Director may mutually alter the area described in the project agreement and the signed and dated project boundary map to provide the most satisfactory public outdoor recreation unit, except that acquired parcels are afforded Section 6(f)(3) protection as Fund reimbursement is provided.

In the event the NPS provides Land and Water Conservation Fund assistance for the acquisition and/or development of property with full knowledge that the project is subject to reversionary rights and outstanding interests, conversion of said property to other than public outdoor recreation uses as a result of such right or interest being exercised will occur. In receipt of this approval, the State agrees to notify the Service of the potential conversion as soon as possible and to seek approval of replacement property in accord with the conditions set forth in these provisions and program regulations. The provisions of this paragraph are also applicable to: leased properties acquired and/or developed with Fund assistance where such lease is terminated prior to its full term due to the existence of provisions in such lease known and agreed to by the Service; and properties subject to other outstanding rights and interests that may result in a conversion when known and agreed to by the Service.

C. The State agrees that the benefit to be derived by the United States from the full compliance by the State with the terms of this agreement is the preservation, protection, and the net increase in the quality of public outdoor recreation facilities and resources which are available to the people of the State and of the United States, and such benefit exceeds to an immeasurable and unascertainable extent the amount of money furnished by the United States by way of assistance under the terms of this agreement. The State agrees that payment by the State to the United States of an amount equal to the amount of assistance extended under this agreement by the United States would be inadequate compensation to the United States for any breach by the State of this agreement.

The State further agrees, therefore, that the appropriate remedy in the event of a breach by the State of this agreement shall be the specific performance of this agreement or the submission and approval of a conversion-of-use request as described in Section II.B above.

D. The State agrees to comply with the policies and procedures set forth in Manual. Provisions of said Manual are incorporated into and made a part of the project agreement.

E. The State agrees that the property and facilities described in the project agreement shall be operated and maintained as prescribed by Manual requirements and published post-completion compliance regulations (Title 36 Part 59 of the Code of Federal Regulations).

F. The State agrees that a permanent record shall be kept in the participant’s public property records and available for public inspection to the effect that the property described in the scope of the project agreement, and the signed and dated project boundary map made part of that agreement, has been acquired or developed with Land and Water Conservation Fund assistance and that it cannot be converted to other than public outdoor recreation use without the written approval of the Secretary of the Interior.

G. Nondiscrimination
1. By signing the LWCF agreement, the State certifies that it will comply with all Federal laws relating to nondiscrimination as outlined in the Civil Rights Assurance appearing at Part III-I herein.

2. The State shall not discriminate against any person on the basis of residence, except to the extent that reasonable differences in admission or other fees may be maintained on the basis of residence as set forth in the Manual.

**Part III - Project Assurances**

**A. Applicable Federal Circulars**

The State shall comply with applicable regulations, policies, guidelines and requirements as they relate to the application, acceptance and use of Federal funds for this federally assisted project, including:

2. The State possesses legal authority to apply for the grant, and to finance and construct the proposed facilities. A resolution, motion or similar action has been duly adopted or passed authorizing the filing of the application, including all understandings and assurances contained herein, and directing and authorizing the person identified as the official representative of the State to act in connection with the application and to provide such additional information as may be required.

3. The State has the capability to finance the non-Federal share of the costs for the project. Sufficient funds will be available to assure effective operation and maintenance of the facilities acquired or developed by the project.

**C. Project Execution**

1. The project period shall begin with the date of approval of the project agreement or the effective date of a waiver of retroactivity and shall terminate at the end of the stated or amended project period unless the project is completed or terminated sooner in which event the project shall end on the date of completion or termination.

2. The State shall transfer to the project sponsor identified in the Application for Federal Assistance or the Description and Notification Form all funds granted hereunder except those reimbursed to the State to cover eligible administrative expenses.

3. The State will cause work on the project to be commenced within a reasonable time after receipt of notification that funds have been approved and assure that the project will be prosecuted to completion with reasonable diligence.
4. The State will require the facility to be designed to comply with the Architectural Barriers Act of 1968 (Public Law 90-480) and DOI Section 504 Regulations (43 CFR Part 17). The State will be responsible for conducting inspections to insure compliance with these specifications by the contractor.

5. The State shall secure completion of the work in accordance with approved construction plans and specifications, and shall secure compliance with all applicable Federal, State, and local laws and regulations.

6. In the event the project covered by the project agreement, cannot be completed in accordance with the plans and specifications for the project; the State shall bring the project to a point of recreational usefulness agreed upon by the State and the Director or his designee.

9. The State will comply with the provisions of: Executive Order 11988, relating to evaluation of flood hazards; Executive Order 11288, relating to the prevention, control, and abatement or water pollution, and Executive Order 11990 relating to the protection of wetlands.

10. The State will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, approved December 31, 1976. Section 102(a) requires the purchase of flood insurance in communities where such insurance is available, as a condition for the receipt of any Federal financial assistance for construction or acquisition purposes, for use in any area that has been identified as an area having special flood hazards by the Flood Insurance Administration of the Federal Emergency Management Agency. The phrase “Federal financial assistance” includes any form of loan, grant, guaranty, insurance payment, rebate, subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance.

11. The State will assist the NPS in its compliance with Section 106 of the National Historic Preservation Act of 1966 as amended (16 U.S.C. 470), Executive Order 11593, and the Archaeological and Historic Preservation Act of 1966 (16 U.S.C. 469a-1 et seq.) by (a) consulting with the State Historic Preservation Officer on the conduct of investigations, as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to effects (see CFR Part 800.8) by the activity, and notifying the Federal grantor agency of the existence of any such properties, and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.

12. The State will comply with “Minority Business Enterprises” and “Women’s Business Enterprises” pursuant to Executive Orders 11625 and 12138 as follows:

(1) Place minority and women business firms on bidder’s mailing lists.

(2) Solicit these firms whenever they are potential sources of supplies, equipment, construction, or services.
(3) Where feasible, divide total requirements into smaller needs, and set delivery schedules that will encourage participation by these firms.

(4) The Department of the Interior is committed to the objectives of this policy and encourages all recipients of its grants and cooperative agreements to take affirmative steps to ensure such fairness.

The National Park Service Regional Offices will work closely with the States to ensure full compliance and that grant recipients take affirmative action in placing a fair share of purchases with minority business firms.

3. The Director may terminate the project in whole, or in part, at any time before the date of completion, whenever it is determined that the grantee has failed to comply with the conditions of the grant. The Director will promptly notify the State in writing of the determination and the reasons for the termination, together with the effective date. Payments made to States or recoveries by the Service under projects terminated for cause shall be in accord with the legal rights and liabilities of the parties.

4. The Director or State may terminate grants in whole, or in part at any time before the date of completion, when both parties agree that the continuation of the project would not produce
beneficial results commensurate with the further expenditure of funds. The two parties shall agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated. The grantee shall not incur new obligations for the terminated portion after the effective date, and shall cancel as many outstanding obligations as possible. The NPS may allow full credit to the State for the Federal share of the noncancelable obligations, properly incurred by the grantee prior to termination.

5. Termination either for cause or for convenience requires that the project in question be brought to a state of recreational usefulness agreed upon by the State and the Director or that all funds provided by the National Park Service be returned.

G. Lobbying with Appropriated Funds

The State must certify, for the award of grants exceeding $100,000 in Federal assistance, that no Federally appropriated funds have been paid or will be paid, by or on behalf of the State, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding, extension, continuation, renewal, amendment, or modification of this grant.
