

# Outline for Project Selection Criteria Responses – Instructions

## **Purpose:**

LOSPP applicants may use the following outline format to organize responses to the Project Selection Criteria.

The Project Selection Criteria section is found on pages 12 through 21 of the Application Guide available at [parks.ca.gov/lospp](https://parks.ca.gov/lospp).

## **Format Overview:**

- ✓ This document gives applicants a template to structure responses to the Project Selection Criteria. These responses should be combined with the other required checklist items when submitting the application.
- ✓ See the Application Guide for more detailed guidance on each Project Selection Criterion Response.
- ✓ Most of the required responses will be in a chart format.
  - There is no page limit.
  - Responses can be single spaced or double-spaced.
  - Please use 12-point font. Arial is preferred.

**Project Name:**

## PROJECT SELECTION CRITERION #1 – HEALTH AND SAFETY

Description of why this RENOVATION is a high priority PROJECT for the health and safety of State Park visitors.

Explain any damage or deterioration of facilities and/or possible structural failure that pose risks to visitors and/or cultural and natural resources. Describe the history of these facilities and how the deterioration or structural damage occurred.

**PROJECT SELECTION CRITERION #2 – PERMITTING / FEASIBILITY**

Description of all factors related to PROJECT readiness and the APPLICANT'S ability to complete the PROJECT. Include the status of obtaining permits, if required, and the overall feasibility of PROJECT COMPLETION within the GRANT PERFORMANCE PERIOD.

### PROJECT SELECTION CRITERION #3 – CRITICAL NEED

Describe the criticality of the proposed PROJECT. What effect will the lack of this proposed RENOVATION have on the park and its visitors if the RENOVATION is not completed?

Describe any and all factors related to the urgent need for this PROJECT, including considerations such as the impact on State Park visitors currently using (or unable to use) the feature(s); the impact of disrepair on the environment or wildlife, or other related effects due to the need for RENOVATION; the ability to fund repairs without LOSPP GRANT funding; the long-term impact if RENOVATION(S) are not able to be funded; and/or the reduction of Deferred Maintenance (DMP) need.

**PROJECT SELECTION CRITERION #4 – REVENUE SUPPORT / OPERATIONS SAVINGS**

Describe how the PROJECT has the potential for revenue return or extensive savings in operations or supports costs. Describe the current cost of operation and maintenance and provide an estimate how these costs will change once this PROJECT is completed.

Describe the current cost of operation and maintenance and provide an estimate how these costs will change once this PROJECT is completed.
