II. HABITAT CONSERVATION FUND PROGRAM
EXECUTIVE SUMMARY

COMPETITIVE Program Intent
Protecting, restoring, and enhancing wildlife habitat and fisheries are vital to maintain California’s quality of life. The impacts of the increase in the state’s human population results in an urgent need to fund projects that protect rapidly disappearing wildlife habitats that support California’s unique and varied wildlife resources.

In response to this need, the people of California voted to enact the California Wildlife Protection Act of 1990, Chapter 9, Fish and Game Code (FGC) § 2780 through 2799.6, which largely defines the Habitat Conservation Fund (HCF) Program. Other legislation that impacts the program includes Fish and Game Code § 2720 – 2729, Government Code § 7550 – 7550.6 and 13340, and Public Resources Code § 5900 through 5903, 5096.310, 21000, and 33216.

The underlying concepts for the program are derived, in part, from the applicable sections of Proposition 117 as enacted in the following Fish and Game Code (FGC) sections:

FGC § 2786 (a) through (f):
“...the money in the Habitat Conservation Fund, which is hereby created, shall be used for the following purposes:

(a) The acquisition of habitat, including native oak woodlands, necessary to protect deer and mountain lions.

(b) The acquisition of habitat to protect rare, endangered, threatened, or fully protected species.

(c) The acquisition of habitat to further implement the Habitat Conservation Program pursuant to Article 2 (commencing with Section 2721) excepting Section 2722 and subdivision (a) of Section 2723, and § 2724 and 2729

(d) The acquisition, enhancement, or restoration of wetlands.

(e) The acquisition, restoration, or enhancement of aquatic habitat for spawning and rearing of anadromous salmonids and trout resources.

(f) The acquisition, restoration, or enhancement of riparian habitat.”

FGC Section 2787 (a)(3)
“Two million dollars for 50 percent matching grants to local agencies...for the acquisition of wildlife corridors and urban trails, nature interpretation program, and other programs which bring urban residents into park and wildlife areas...”
Annual Allocation
The HCF Program allocates approximately $2 million per year to the California Department of Parks and Recreation.

Application Filing Deadline
The application must be either delivered or postmarked by no later than 5:00 PM on the application due date, which will be announced annually on the OGALS website, www.parks.ca.gov/grants.

OGALS has the authority to award any excess funds via additional funding cycles, which would be announced as needed on the OGALS website, www.parks.ca.gov/grants.

Grant Performance Period
The grant performance period for each project is 5 years starting on July 1 of the fiscal year following the application due date, based on final enactment of the state budget. Grantees will have one year to encumber the contract and an additional four years to complete the project.

Maximum and Minimum Grant Request Amounts
OGALS recommends that grant requests generally do not exceed $200,000. However, there are no maximum or minimum grant amounts. OGALS will make an effort to provide equitable geographic distribution of funds, provided that sufficient well-qualified proposals exist.

Required Match
There is a required non-state dollar-for-dollar MATCH. See page 16 for more information.

Project Categories
- There are seven eligible project categories: habitats for deer/mountain lions, rare, endangered, threatened, or fully protected species, wetlands, anadromous salmonids and trout, and riparian, trails, and wildlife area activities.
- All categories are eligible for funding in each annual funding cycle.
- There is a separate application guide for each category.

This is the “Wildlife Area Activities” Application Guide.

The meanings of words and terms shown in SMALL CAPS are in the Definitions Section, beginning on page 35.

HCF PROGRAM APPLICATION GUIDE 14 WILDLIFE AREA ACTIVITIES
GRANT SCOPE/Cost Estimate Form, MATCH Instructions

The GRANT SCOPE/Cost Estimate Form on page 18 has three uses:

1. Establishing the GRANT SCOPE
2. Providing a concept-level cost estimate
3. Providing required MATCH information

1. Establishing the GRANT SCOPE:
The APPLICANT will use the GRANT SCOPE/Cost Estimate Form to establish the expected GRANT deliverables for PROJECT COMPLETION. The APPLICANT must identify on the GRANT SCOPE/Cost Estimate Form the GRANT SCOPE deliverables that will be paid for with GRANT funds.

The APPLICANT will use the GRANT SCOPE/Cost Estimate Form to describe only the event or series of events to be accomplished with GRANT funds that will be completed before the end of the GRANT PERFORMANCE PERIOD. All of the events listed on the form must be completed before a final GRANT payment can be approved, or 20% of the grant will be retained in the CONTRACT.

Directions for establishing the GRANT SCOPE
1. Use the following phrase as a format to describe the type of work for each event or series of events that will be funded by the GRANT: Modify the language as appropriate:
   - Provide an educational or interpretive event or series of events, including (identify specific activities) to (participants) at (locations).

2. Describe the event or series of events in the GRANT SCOPE/Cost Estimate Form regardless of its estimated cost at the time of application.

3. The applicant should not identify the “support” items, such as PROJECT supplies, etc. that will assist the APPLICANT to complete PROJECT activities.

2. Providing a concept-level cost estimate on the GRANT SCOPE/Cost Estimate Form

- Use the form on page 18 to provide the concept-level cost estimate.

- Do not show contingency costs as a stand-alone item. Contingency costs should be included within the “PRE-ACTIVITY COSTS and activity costs” section of the form.
• The estimated TOTAL PROJECT COST on the GRANT SCOPE/Cost Estimate Form must equal the estimated TOTAL PROJECT COST listed on the application form.

• Although an APPLICANT may wish to utilize additional funding beyond HCF GRANT funds and required MATCH to complete the PROJECT, such additional funding should not be included on the GRANT SCOPE/cost estimate form. OGALS does not provide oversight for such funding.

• If the estimated costs change during the course of the PROJECT, a revised GRANT SCOPE/Cost Estimate Form is not required, unless the proposed change involves either an event or series of events, or a PROJECT location.

• The GRANTEE may only claim those costs directly related to the GRANT SCOPE.

• Refer to the ELIGIBLE COSTS Chart (see page 33) when formulating a cost estimate.

3. MATCH Requirement

• The HCF MATCH amount is based on the cost of the amount of HCF funds.

• The APPLICANT is responsible for providing a MATCH amount that is a dollar-for-dollar MATCH of the amount of HCF funds.

• List required MATCH funds, sources, and the amount of HCF funds to be used on the GRANT PROJECT on the GRANT SCOPE/Cost Estimate Form.

• HCF GRANTS may be combined with other eligible grants to fund a project. To meet the HCF GRANT MATCH requirements, other eligible grant(s) must have adequate costs to be incurred that are the same as the HCF GRANT SCOPE.

• The MATCH funds must be committed at the time of application.

Eligible MATCH Sources
• Local funds, including local general funds and local bond funds.
• Private funds.
• Donated materials and services. (e.g., IN-KIND services, FORCE-ACCOUNT LABOR)
• Value of donated land.
• Federal funds.

Ineligible MATCH Source
• State funds
Rules regarding MATCH

- MATCH can only be spent on ELIGIBLE COSTS.
- INDIRECT COSTS cannot be used as MATCH.
- The GRANT and the required MATCH amounts **combined** cannot pay for more than 25% of pre-activity costs (See ELIGIBLE COSTS chart on page 33) of the total HCF PROJECT.

**Important Amounts to Know**

\[
\begin{align*}
\text{GRANT Request Amount} & \quad \$ \underline{\ \ \ \ \ \ \ \ \ \ \ \ \ } \\
\text{(Cannot exceed 50\% of TOTAL PROJECT COST)} & \\
+ & \\
\text{Required MATCH Amount} & \quad \$ \underline{\ \ \ \ \ \ \ \ \ \ \ \ \ } \\
\text{(Must be a minimum of 100\% of GRANT amount)} & \\
= & \\
\text{Total HCF PROJECT Cost} & \quad \$ \underline{\ \ \ \ \ \ \ \ \ \ \ \ \ } \\
\text{(GRANT + Required MATCH = HCF PROJECT)} & 
\end{align*}
\]

**How to calculate GRANT amount and MATCH amount based on the TOTAL PROJECT COST**

Multiply the total cost of the PROJECT by .50 to obtain the maximum GRANT amount and minimum required MATCH amount

**Example:**
Cost of total PROJECT is $120,000
Multiply by .50 = $60,000. This is the maximum GRANT amount and minimum MATCH amount.

- This form will be used to establish the expected GRANT deliverables.
- All of the items listed on this form must be completed and available to the public before final grant payment is approved.
- Any vehicle(s) the GRANTEE proposes to rent or purchase to accomplish GRANT objectives must be listed as a separate item on the GRANT SCOPE/Cost Estimate Form.
- MATCH must be committed at the time of application.
Activity Site Assurances
The APPLICANT must satisfy one of the following activity site assurances for the HCF Program at the time of application. Activity site assurances must be in effect for the length of the PROJECT PERFORMANCE PERIOD, or until all funds have been expended and the PROJECT is complete.

Fee-Simple Ownership
If the APPLICANT owns the proposed PROJECT site(s) in fee simple, the APPLICANT provides one of the following, indicating that the APPLICANT is the land owner:

- A copy of relevant ownership documents, (Grant Deed, Quitclaim Deed, etc.), indicating the APPLICANT has title to the property.

OR
- Deed recordation number(s) on the application form or on a separate sheet attached to the application form. The recordation numbers are found on ownership deeds, or may be obtained through the applicable county recorder’s office.

Non-Ownership – proposed PROJECT sites located on public lands
If the APPLICANT does not own the proposed PROJECT site(s) in fee simple, and the proposed PROJECT sites where the APPLICANT intends to conduct WILDLIFE AREA activities are on public lands (or are open to the public), the APPLICANT must provide a letter, signed by the AUTHORIZED REPRESENTATIVE, that certifies the following:

- The proposed PROJECT site(s) by name at which the APPLICANT intends to conduct the WILDLIFE AREA ACTIVITIES PROJECT
- That the proposed site(s) are conducive to the proposed WILDLIFE AREA activities
- That the APPLICANT will acquire all necessary permits to accomplish the proposed WILDLIFE AREA ACTIVITIES PROJECT

Non-Ownership – proposed PROJECT sites on private lands
If the APPLICANT does not own the proposed PROJECT site(s) in fee simple, and the proposed PROJECT site(s) where the APPLICANT intends to conduct WILDLIFE AREA activities are on private lands (or on lands normally closed to the public), the APPLICANT must provide documentation that the APPLICANT has the land owner’s permission to conduct the WILDLIFE AREA ACTIVITIES PROJECT activities.

Examples of assurances include the following:

- A WILDLIFE AREA ACTIVITIES PROJECT AGREEMENT, containing items a through f on page 20.
- Easement
- Permit
If the APPLICANT has an easement or a permit from the land owner authorizing land use for WILDLIFE AREA ACTIVITIES PROJECT activities, and if the easement or permit does not specify the conditions of the APPLICANT’s use of the PROJECT site(s), the APPLICANT must provide a letter discussing the specifics of the easement or permit, including any limitations.

WILDLIFE AREA ACTIVITIES PROJECT AGREEMENT
The WILDLIFE AREA ACTIVITIES PROJECT AGREEMENT is a document developed between an APPLICANT or GRANTEE and land owner, is signed by both parties, and at a minimum discusses the following:

a) The parties involved in the AGREEMENT
b) Proposed PROJECT site(s)
c) The specific WILDLIFE AREA activities to be conducted
d) Time frames when proposed PROJECT site(s) will be available for proposed activities
e) How the agreement might be terminated (must be by mutual agreement or for cause)
f) Any other relevant information

Alternate Requirements
If the WILDLIFE AREA ACTIVITIES PROJECT AGREEMENT is an unsigned draft at the time of application, the APPLICANT must provide the following:

• A copy of the draft WILDLIFE AREA ACTIVITIES PROJECT AGREEMENT
• A letter from the APPLICANT which confirms the APPLICANT’s intention to sign the proposed AGREEMENT should the GRANT be awarded.
• A corresponding letter from the landowner which confirms their intention to sign the proposed AGREEMENT should the GRANT be awarded.

• NOTE: GRANTEE may, as an alternative, provide a letter that is signed by both the APPLICANT and the land owner, which confirms both entities’ intentions to sign the proposed WILDLIFE AREA ACTIVITIES PROJECT AGREEMENT, should the GRANT be awarded.

If the PROJECT is selected for funding, the APPLICANT must provide a signed WILDLIFE AREA ACTIVITIES PROJECT AGREEMENT to OGALS before the GRANT CONTRACT can be signed by OGALS.

CEQA Instructions and Form
The APPLICANT is required to address CEQA at the time of application. The APPLICANT may provide either a Notice of Exemption or Notice of Determination with a CEQA Certification Form, signed by the AUTHORIZED agency REPRESENTATIVE.

If neither of these forms is applicable, provide a CEQA Certification Form, signed by the AUTHORIZED agency REPRESENTATIVE and a letter, signed by the lead CEQA planning agency, explaining that the proposed activity(ies) does/do not constitute a project under CEQA.

In addition to striving for objectivity and uniformity in evaluating proposals, OGALS will make an effort to provide equitable geographic spread of funds, provided that sufficient well-qualified proposals exist.

All PROJECTS from all seven funding categories compete for the approximately $2 million dollars available annually.

There are a total of 100 points possible for each PROJECT proposal.

Overview of Criteria and Point Values

1. Need (15 points)
2. Site Access (10 points)
3. Stakeholders (10 points)
4. APPLICANT Capacity (15 points)
5. PROJECT Description (10 points)
6. Site Location(s) and Activities (10 points)
7. PARTNERSHIP Opportunities (10 points)
8. Pre-Activity Knowledge Evaluation (10 points)
9. Post-Activity Knowledge Evaluation (10 points)
1. **Need (15 points)**

HCF legislation requires that, to the extent practicable, a WILDLIFE AREA ACTIVITIES PROJECT be considered for nature education or interpretation, bringing urban residents into PARK and/or WILDLIFE AREAS. If the location of the event or series of events does not include a PARK and/or WILDLIFE AREA, OGALS will consider the application ineligible (see page 7).

Describe the need for the WILDLIFE AREA ACTIVITIES PROJECT. Describe why the participants would not have the opportunity to experience the WILDLIFE AREA activities if the proposed PROJECT is not selected for funding.

*The maximum number of points will be awarded to a PROJECT where a significant need for WILDLIFE AREA ACTIVITIES PROJECTS exists.*

2. **Site Access (10 points)**

Per the HCF Program legislation, the public should have access to the PROJECT site(s) except when that access may interfere with HABITAT protection. Access could be either direct or secondary. Secondary access could include private transportation, e.g., bus, van, carpool, etc.

Describe current access to the PROJECT site(s), providing details on the five items below.

a) Reasonable entrance fees, parking fees, membership fees, activity fees, or no fees
b) Onsite or close-by parking
c) Easily available public or private transportation, bike lanes, or TRAILS
d) Flexible hours (hours that accommodate participants)
e) Solutions to any physical, financial, and/or cultural barriers/obstacles to PROJECT site(s)

*The maximum number of points will be given to PROJECT site(s) that are accessible via all five of the items above.*

3. **Stakeholders** (10 points)

The APPLICANT should focus the response to this criterion on efforts to solicit input, not on the number of interested parties solicited.

Describe the efforts to involve interested parties (community-based stakeholders, potential users, public agency partners, and/or community-based non-profit partners) in PROJECT planning and/or implementation. A concerted effort would include the following descriptions:

a) Methods used to notify interested parties of the input opportunity
b) Methods used to obtain the interested parties’ ideas
c) How the interested parties’ ideas were incorporated in PROJECT design and/or implementation

*The maximum number of points will be awarded to APPLICANTS which, within the last two years prior to the application due date, made a concerted effort to involve the broadest representation of interested parties in the PROJECT planning and implementation process.*

b) Assimilate program improvement ideas and incorporate those ideas into future program offerings

In addition to the information provided for this criterion, OGALS will review its own records and consider the APPLICANT’S performance history with OGALS as part of the PROJECT selection process. This includes, but is not limited to, a review of the APPLICANT’S ability to:

- Complete previous grant-funded PROJECTS within the GRANT PERFORMANCE PERIOD
- Meet all post-award requirements including timely submission of PROJECT STATUS REPORTS and payment requests
- Operate and maintain grant-funded site(s)
