### ABSTRACT

The Auburn State Recreation Area and Auburn Project Lands (ASRA/APL) General Plan and Resource Management Plan (GP/RMP) Final Environmental Impact Report/Environmental Impact Statement (EIR/EIS) contains all comments received on the Draft EIR/EIS and the responses to those comments and its contents are integrated with the Draft EIR/EIS. The Draft EIR/EIS is a program-level document that evaluated the potential environmental effects that could result from implementation of the GP/RMP. The GP/RMP provides goals and guidelines related to resource management and protection, visitor experience and opportunities, facilities, interpretation and education, and operations that could apply throughout ASRA/APL.

National Environmental Policy Act (NEPA) Cooperating Agencies:  
U.S. Bureau of Land Management
