

New State Park - Coastal Area Management Zones

Carmel River Lagoon and Wetland Natural Preserve (Existing)

Key Management Goals

- Manage primarily for ecological enhancement and special-status species protection
- Manage for floodplain protection
- Potential to expand preserve after highway/causeway and CAWD construction projects are complete

Visitor Uses

- visitor day use, including:
 - hiking
 - birding/wildlife viewing
 - interpretation
 - photography/painting
 - special events (by permit)
 - scientific research

Appropriate Facilities

- trails
- interpretive elements

Lagoon/Wetland Zone

Key Management Goals

- Manage primarily for natural/scenic resource protection, ecosystem functions, and special-status species
- Provide space for Carmel River natural flooding
- Provide high-quality wildlife habitat and wildlife movement corridors

Visitor Uses

- visitor and group day use, including:
 - hiking
 - birding/wildlife viewing
 - photography/painting
 - paddling/non-motorized boating
 - interpretation
 - guided tours
- scientific research
- special events (permit only)

Appropriate Facilities

- trails/trailheads
- interpretive elements
- parking
- group staging areas

Coastal Margin Zone

Key Management Goals

- Protect and preserve cultural and natural resources
- Provide coastal access and high-quality visitor experiences with coastal-oriented recreation and interpretation

Visitor Uses

- beach/coastal recreation
- visitor day use, including:
 - hiking
 - wildlife tours/viewing
 - photography/painting
 - paddling/non-motorized boat use
 - picnicking
- special events (by permit)
- scientific research

Appropriate Facilities

- trails/trailheads
- scenic viewpoints
- interpretive elements
- parking
- restrooms
- picnic areas
- special event areas
- concession staging

Odello Farm Zone

Key Management Goals

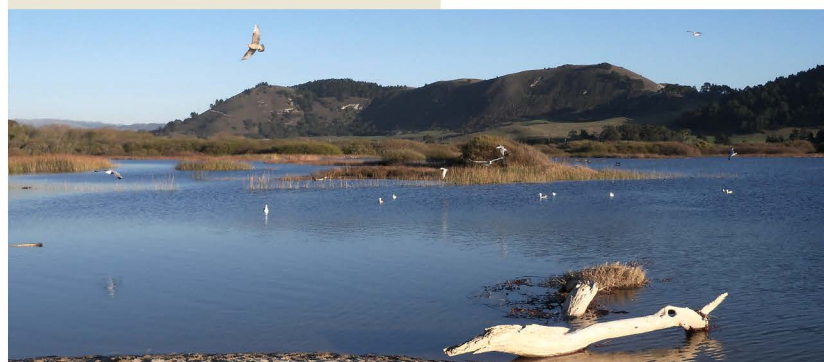

- Manage primarily for visitor access, orientation, and recreation
- Protect natural and cultural resources; stabilize and re-use buildings

Visitor Uses

- visitor and group day use, including:
 - visitor orientation
 - picnicking
 - hiking
 - wildlife viewing
 - photography/painting
 - interpretation
 - special events (by permit)

Appropriate Facilities

- trails/trailheads
- scenic viewpoints
- interpretive elements
- parking
- restrooms
- picnic areas
- group gathering areas
- historic structure re-use
- special event areas
- concessions

Caltrans Mitigation Bank Zone

Key Management Goals

- Manage primarily for riparian/wetland restoration and special-status species
- Provide high-quality wildlife habitat and wildlife movement corridor

Visitor Uses

- visitor day use, including:
 - hiking
 - birding/wildlife viewing
 - photography/painting
 - interpretation
 - scientific research

Appropriate Facilities

- trails
- interpretive elements

Ohlone Coastal Cultural Preserve (Existing)

Key Management Goals

- Manage for cultural resources protection
- Provide interpretive opportunities

Visitor Uses

- visitor day use, including:
 - hiking
 - birding/wildlife viewing
 - interpretation
 - photography/painting
- special events (by permit)
- scientific research

Appropriate Facilities

- trails
- interpretive elements
