

The Fundamentals of Workplace Awareness

1. **What is SB 1343?** This Senate Bill states that beginning in 2020 EEO discrimination and sexual harassment training must occur within 6 months of assumption of a position for ALL employees. Training must be repeated every 2 years.
 2. **Why should I attend DPR training?** Bear in Mind training is specifically designed for people who interact with Parks and Recreation employees, volunteers, and visitors. Also its free and we have several training dates and locations throughout the State!
 3. **What if I miss the scheduled training?** If you missed training, you can always contact the Human Rights Office at 916-653-8148 and inquire about other dates and locations.
 4. **Will there be snacks?** We recommend that you bring your own snacks and beverages as we cannot provide them with State funds.
