Director's Statement

California's state parks are celebrated for their breathtaking landscapes and wide-ranging recreational offerings. The Concessions Program is instrumental in enriching the visitor experience by providing a diverse array of services and amenities. From dining and retail options to guided tours and educational programs, our concession partners are dedicated to delivering high-quality products and services that support the Department's mission.

During the Fiscal Year (FY) 2024-25, California State Parks executed seven new or renewed concession contracts to support visitor service operations. The program overview reflects 185 concession operations which contributed over \$26.5 million in revenue to the Department and \$6.4 million in facility improvements. Concession contracts operating during FY 2024-25 are listed in Section B of this report.

This report, prepared pursuant to Section §5080.21 of California Public Resources Code, presents a comprehensive picture of concession contract activity during FY 2024-25. Questions may be directed to concessions.program@parks.ca.gov.

Section A – Concession Program Summary

This section contains statistical comparisons of concession program activities during FY 2024-25. The number of concession operations as referenced in this section excludes contracts which terminated during the reporting period and reflect only the active contracts as of 6/30/2025. However, the revenue figures reflect all concessions that operated during the reporting period.

Disclaimer: Some revenue and facility figures are approximate due to ongoing reconciliation.

Section B – Concession Operations & Revenue Statement

Section B summarizes revenue, operations, and contract terms for all concessions operating in California State Parks during FY 2024-25, including the four agreements that were terminated by the close of the Fiscal Year. The section is organized in alphabetical order by district and park unit. Revenue figures include gross receipts, rental payments, and capital improvements as reported by concessionaires. Figures may include park fees/pass sales in cases where concessionaires collect these fees on behalf of State Parks. Rent may also include late payments and related penalties. Contract terms often include a provision to adjust the minimum annual rent based on the Consumer Price Index (CPI). These provisions create variations between gross receipts and rental information.
