

Michael Belair In Concert

Jazz Guitarist Michael Belair has performed with various groups and as a soloist for the past 50 years. He and a group of musicians from the Napa and Sonoma area recorded the classic *Relax You're Soaking In It*, which is a collection of original Jazz compositions in 1980 and the album is still being distributed in Europe on the Mad About Records label. Michael currently performs exclusively as a soloist using hollow body electric guitar and electric nylon string guitar. His repertoire consists of unique arrangements of jazz standards, bossa nova, originals and popular contemporary songs. For the past several years his performances have primarily been at wineries, resorts and private parties. This event will be a unique concert performance.
