Order No. 683-25-016

WARD CREEK STATE PARK SUPERINTENDENT ORDER

Bicycles: Title 14, California Code of Regulations (CCR) 4360 states that “unless designated by the Department, all trails are open to pedestrians and closed to all other uses.” As such, bicycles are allowed to be operated in a safe and controlled manner on all paved and native surface roads and trails at this park.

Fire Restrictions: No fires, charcoal grills, or camp stoves are allowed at this park.

Park Hours: All lands, facilities, roads, and trails are closed from sunset to sunrise daily.

Model Aircraft and Unmanned Aerial Systems: Model aircraft and Unmanned (unoccupied) Aerial Systems (UAS or “drones”) are an emergent technology that can have a negative impact on Park resources and public safety and are generally inconsistent with the Park experience. Due to the dramatic growth and popularity of model aircraft and UAS, and based on concerns related to wildlife, aesthetics, visitor safety and privacy, and fire hazards, the following lands and facilities located within the Sierra District are restricted as follows:

No person shall launch, land, or operate a powered unmanned (unoccupied) aircraft or unmanned (unoccupied) aerial system (UAS) within **any** State Park unit owned or operated as part of the Sierra District of California State Parks.

I the District Superintendent, or my specifically named designee, may grant exemptions to this order as determined to be necessary for the proper administration of the Park, and to protect the safety and welfare of its visitors, employees, and resources. Exceptions to this order **may** include:

- Use by trained law enforcement for public safety purposes
- Use by media outlets
- Non-commercial use upon completion of the Park unit’s special event permit application and applicable FAA compliance
- Scientific research with appropriate FAA registration and Park unit permits

If any exception is granted, as described above, all UAS/Drone equipment must be made available for inspection of safety compliance at the time of application. All exemptions, except for emergency personnel, must be obtained in writing. Requests for exemptions may be made by contacting the District Superintendent.

I, the District Superintendent, or my specifically named designee, may grant exceptions to this order as determined to be necessary for the proper administration of the park, and to

protect the safety and welfare of visitors, employees and resources. All exceptions, except for emergency personnel, must be obtained in writing by the Sierra District Superintendent at P.O. Box 266, Tahoma, CA 96142.

Nothing herein shall be construed in derogation of other provisions of law, existing contracts or property rights previously granted.

These orders have been posted pursuant to the California Code regulations, Title 14, Section 4301(i).
