

CONSTRUCTION ALERT

Capistrano County Beach & Doheny State Beach

Sand replenishment project

Project Summary

Placement of up to 45,000 cubic yards of sand material from the Santa Ana River, from OC Public Works, at Capistrano Beach and the southern portion of Doheny State Beach within the City of Dana Point. This is a joint project between OC Parks, OC Public Works, and California State Parks. Public access may be limited during construction.

WHEN

June 15, 2023 - Fall 2023
Work Schedule

Monday – Friday, 7 a.m. – 5 p.m.

Working hours and schedule will vary due to tides, inclement weather, ocean conditions and other factors.

WHERE

WHAT

Work for this project includes:

- Transport of 45,000 cubic yards of clean sand removed from flood control maintenance in the Santa Ana River
- Screening of sand and trucking to the beach area north of Palisades Drive
- Placement of sand along a 2,000 linear-foot stretch at the north reach of Capistrano Beach

DETOURS AND SAFETY

Flaggers will direct both pedestrians and bicyclists to avoid the work area. Watch for additional traffic control measures including construction signage.

BACKGROUND

Additional sand serves to counter coastal erosion, protect coastal resources and enhance recreation areas.

The California Coastal Commission (CCC) has approved placement of sand as an interim measure.
