## News Conference Press Call for all Reporters

Due to the high interest from reporters on the Governor's announcement today of blue pencil reductions to California State Parks, it is necessary to conduct a press conference through a statewide conference call for all reporters wishing to ask questions about this announcement and its impact on the system.

We are striving to make sure we accommodate all reporters, and the only way to insure we can return all calls possible is by holding a single call that all can join.

Media that wish to attend the call can do so by going to the Resources Building, 1416 9<sup>th</sup> Street, Sacramento, to the Redwood Training room on the 14<sup>th</sup> Floor, follow the signs after getting off the elevator.

The conference call time and number is as follows:

**When: Today, 2 p.m.**

**Conference call number: 866 – 745 – 1201**

**Pass code 6019329 #**

Persons on the call:

Ruth Coleman, Director, California State Parks  
Mike Harris, Chief Deputy Director  
Roy Stearns, Deputy Director for Communications
