### State Park Service Reductions to Meet Budget Cuts and Keep Parks Open with Minimal Disruptions

In keeping with Governor Schwarzenegger's plan for keeping parks open, California State Parks is today announcing the implementation of service reductions at parks across the State. The goal is to achieve the required cost savings while minimizing the disruption to park visitors as much as possible.

All of the service reductions are consistent with the Governor's September 25 announcement of the kinds of service reductions the public could anticipate in order to achieve the budget savings necessary to meet severe budget restrictions.

The reductions are designed to minimize disruptions for park visitors, while keeping parks open and achieving the \$14.2 million in budget savings to help close the State's budget deficit. To achieve savings as quickly as possible, State Parks will begin implementing these cost saving measures all across the State in the next few days.

The service reductions came about through a process wherein each of the State Parks' District Superintendents designed a plan for specific reductions tailored for each park within their respective district. The plans included all 279 parks within the statewide system. A summary of some of the most common service reductions across the State include:

- Reduce days of operation by two or three weekdays at selected parks. Other parks will close a portion of a campground or outlying day-use areas.
- Close and consolidate some park offices and/or reduce hours of operation.
- Reduce off-season lifeguard levels at some beaches.
- Remove some trash cans and fire rings from the beach and close roughly half of the restrooms at some beaches.
- Close many park visitor centers two or more days every week.
- Reduce the numbers of school tours and interpretive programs at many parks.

These service reductions are intended to ensure that California State Parks achieves its required cost savings while maintaining revenues at the highest level possible for the remainder of this fiscal year and while minimizing disruptions to visitors.

For the Northern Buttes District, the specific service reductions for the parks within the district are as follows:

**Bidwell Mansion SHP**, Chico. November 2009 - March 2010. No Mansion tours will be given on Mondays, Thursdays, and Fridays.

**William B. Ide Adobe SHP**, Red Bluff. November 2009 – March 2010. No Adobe tours will be given on Mondays, Tuesdays, and Wednesdays.

**Shasta SHP**, Shasta. November 2009 – March 2010. The Shasta Courthouse Museum will be closed on Mondays, Tuesdays, and Wednesdays.

**Weaverville Joss House SHP**, Weaverville. November 2009 – March 2010. No Joss House tours will be given on Mondays, Tuesdays, and Wednesdays.

Some visitors may be inconvenienced by these service reductions; however, it is hoped that park visitors will understand and appreciate the severe budget reductions that have occurred and help State Parks minimize the cost impacts to the system. The public can assist by hauling out their own trash and helping to keep facilities as clean as possible for the next park visitor.
