California Legacy Videotapes and Lesson Plans

California Legacy is a series of five high quality films (more are planned), depicting "true stories from California's history." The videos are filmed at the historic places in California State Parks where the events occurred!

Historic events covered include an attack of pirate Bouchard on a Mexican California town (ca. 1818), the Bear Flag Revolt of 1846, early Sacramento (ca. 1850), Columbia (ca. 1860), and Empire Mine hardrock mining (ca. 1872). Authenticity and accuracy are paramount. Many of the actors and actresses are state park staff and volunteers. The videos are dramatic, moving and appeal to general audiences.

A companion CD contains lesson plans with suggested classroom activities extending the historic stories into areas of required curriculum. These lesson plans and activities are aligned with the fourth grade History-Social Studies Framework. Visit <http://www.californialelegacy.net> for more information about this expanding series.

- These videos are highly recommended as interpretive sales items, research tools, or for public viewing in an interpretive program.
- Retail price: \$29.95 to \$49.95 depending on the episode. The CD containing all five lesson plans retails for \$29.95. (Substantial wholesale discounts are available.)
